

SIRIM QAS International as certifying agency for LKIM fish box

Lembaga Kemajuan Ikan Malaysia (LKIM) has appointed SIRIM QAS International as the certifying agency for food grade insulated fish box. The product shall be certified under the Product Listing Scheme to the following standard, LKIM 1:2010 'Performance requirements for transportation, handling, storage, delivery and marketing for LKIM Fiber Box (Fish Box)'. This standard is intended to ensure that the insulated fish box is capable of withstanding and functioning in expected distribution environment.

Under the Product Listing Scheme, any manufacturer or company may apply to have the product certified. Once certified, the insulated fish box shall carry LKIM logo and SIRIM Listed Mark.

Product Listing Scheme is operated along similar lines to the Product Certification Scheme. Under Product Listing Scheme, a product can be certified to association or industry standards as well as acceptable customer specifications in the absence of a national or international standard.
