

**Sabah Branch**

SIRIM QAS INTERNATIONAL is Malaysia’s leading certification, inspection and testing body. Realizing the needs to support industry players at State/ Regional level, SIRIM QAS International took these opportunities to expand its network of branches and facilities throughout Malaysia. Strategically located in Kota Kinabalu Industrial Park (KKIP), our Sabah Branch Office are ready to serve the industries in demonstrating their product’s compliance against National/ International standards and regulatory requirements.

**Our Services**

**1) Mechanical Testing Services**

The Government of Malaysia has made it mandatory for iron and steel used in both the construction and non-construction sector to comply with the relevant standard requirements before it can be imported to the country. SIRIM QAS International has been entrusted as the competent body to issue Certificate of Approval (COA) for imports of iron and steel in the non-construction sector. The COA demonstrates that the import consignment have undergone and comply with the relevant inspecting and testing requirements. Our Laboratory provides a comprehensive mechanical testing services that can facilitates the application of COA.

Typical Product Tested	Type of Testing	Testing Facilities
<ul style="list-style-type: none"> <li>• Metallurgy</li> <li>• Pipe and Fittings</li> <li>• Highway Guardrails</li> <li>• Masonry</li> <li>• Reinforcing Steels</li> <li>• Structural Steel and Section</li> </ul>	<ul style="list-style-type: none"> <li>• Tensile Strength Test</li> <li>• Elementary Analysis/ Chemical Composition Test</li> </ul>	<ul style="list-style-type: none"> <li>• Universal Testing Machine 1000KN</li> <li>• Arc Spectrometer</li> </ul>

**2) Consignment Batch for Imported Electrical Products**

As an alternative to Product Certification Scheme, importers and traders may apply for SIRIM label for their imported electrical product through our Consignment Services. Our consignment service provides quick and convenient solution for importers and traders of electrical product to have their import consignment checked for compliance with the relevant standard and regulatory requirements. Products that passed the consignment inspection and test are required to be affixed with SIRIM Labels.

**Why SIRIM QAS International?**

Our Laboratories are accredited to ISO/IEC 17025 by the Department of Standards Malaysia (STANDARDS MALAYSIA) under the National Laboratory Accreditation Scheme (SAMM), which demonstrate our credibility and capabilities in performing wide range of testing services. Together with our long years of experience, highly technical and professional personnel and comprehensive testing facilities, SIRIM QAS International offers extensive range of services and reliable test report for your certification and testing needs.
