

# PERSONAL PROTECTIVE EQUIPMENT (PPE)

## CERTIFICATION SCHEME

Helping you to achieve compliance and ensure life safety.

### Personal Protective Equipment (PPE)

refers to any equipment or accessory intended to be worn or held by a person at work for protection against health and safety risks. All PPE needs to be approved by the Department of Occupational Safety and Health (DOSH) under the Factories and Machinery Act 1967, Occupational Health and Safety Act (OSHA) 1994, and other relevant regulations.

There are 7 categories of PPE that require approval from the DOSH:

1. Head Protection
2. Hearing Protection
3. Eye Protection
4. Respiratory Protection
5. Hand Protection
6. Body Protection
7. Foot Protection

Helping You Through

PERSONAL  
PROTECTIVE  
EQUIPMENT (PPE)

The PPE Certification Scheme assesses the compliance of PPE products in accordance with the quality standards and specifications set by DOSH.

If you manufacture or import any of these PPE products into Malaysia, operate businesses in construction, logging, or dealing with hazardous chemicals and environments, you need to ensure that your operations are in compliance with DOSH's requirements and specifications.

Talk to us to find out more.

## Benefits

The PPE Certification Scheme by SIRIM QAS will grant your organisation the following advantages:

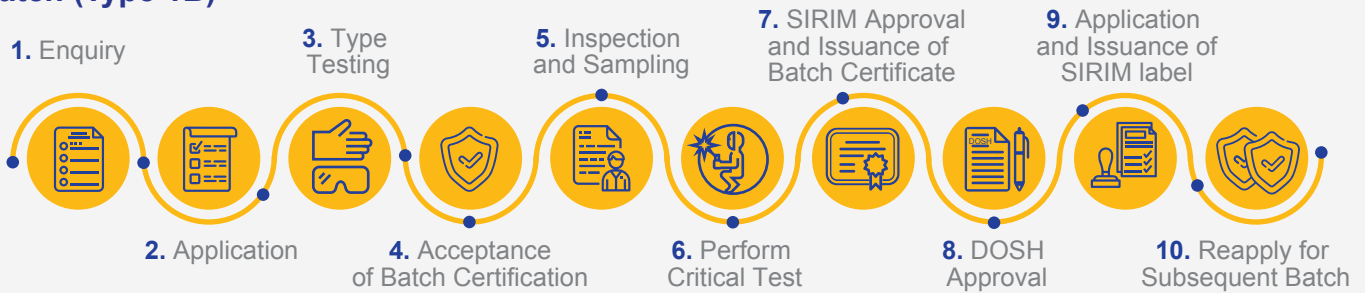

- + User confidence and trust in the safety and reliability of your products.
- + Independent assurance that your PPE products meet the national standards of quality control and product testing.
- + Reduced work-related injuries and accidents, which translates into increased productivity and efficiency for customers.
- + Instant credibility due to SIRIM's renowned reputation for quality assurance.

## Certification Process:

### Type 5

### Batch (Type 1B)

## Why SIRIM QAS?

**SIRIM QAS** is an internationally recognised conformity assessment body with decades of experience in providing testing, inspection and certification services to both local and international customers.

We have been appointed by the Department of Occupational Safety and Health (DOSH) as a recognised testing and certification body for PPE. We are also accredited by the Department of Standards Malaysia (STANDARDS MALAYSIA) for the Product Certification Scheme based on ISO/IEC 17065. These accreditations not only demonstrate the competence of our personnel and the credibility of our certification processes but also ensure the international recognition of our certificates.
