

**GUIDELINES FOR
CERTIFICATION OF MALAYSIAN SUSTAINABLE PALM OIL
(MSPO)**

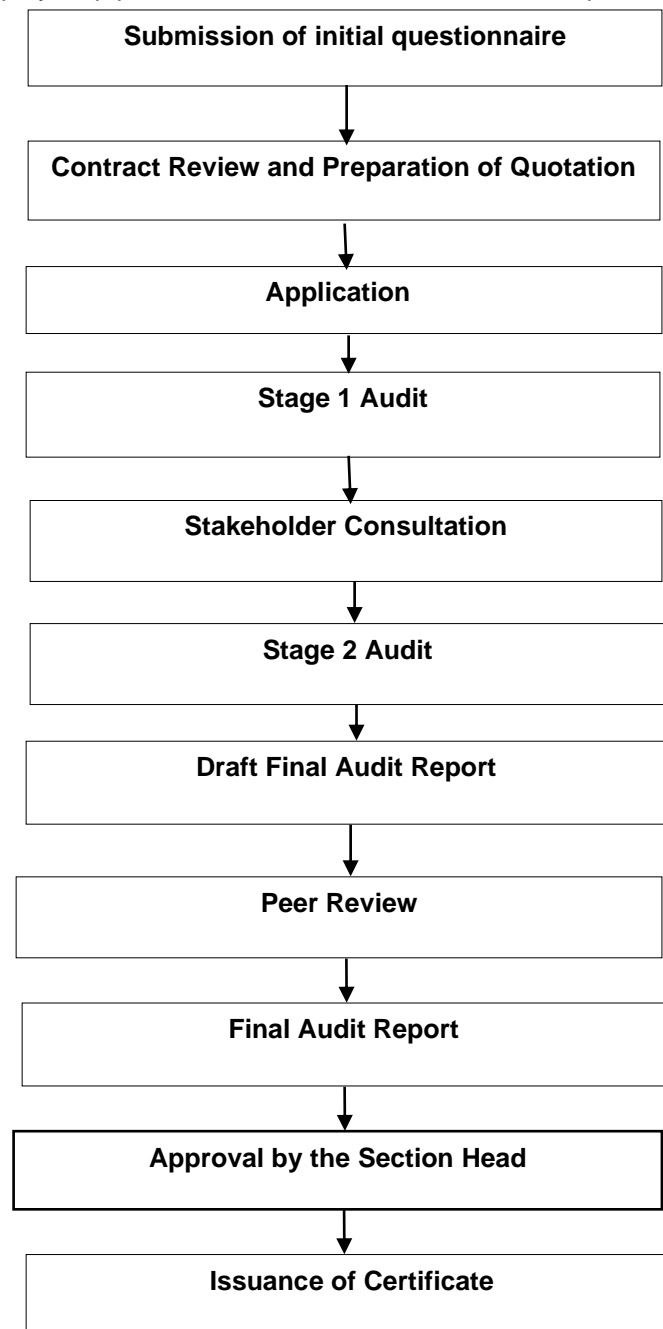

1. INTRODUCTION

This guideline has been prepared to provide guidance to organizations/companies that are interested in obtaining MSPO certification from SIRIM QAS International Sdn Bhd (SIRIM QAS International) to the requirements of the relevant MSPO Certification System Standard.

This guideline is prepared in accordance with SIRIM QAS International documented procedures on MSPO certification including MSPO Certification System requirements and other related normative documents referred by MSPO standard. Please contact the Sales and Business Development Section of SIRIM QAS International if further clarification is needed with regard to the content of this document.

2. CERTIFICATION PROCESS

The MSPO Certification is carried out in accordance to the policies and procedures established by SIRIM QAS International based on the requirements of ISO/IEC 17021-1 and ACB MSPO Certification requirements. The step by step processes for MSPO certification are explained as follows:

2.1 **Submission of Initial Questionnaire**

The applicant completes and submits the Initial Questionnaire to SIRIM QAS International.

2.2 **Contract Review and Preparation of Quotation**

SIRIM QAS International will review the information given in the Initial Questionnaire by the applicant and based on the information obtained, prepare a quotation on the total cost of certification. Overall certification costs are calculated based on the number of auditor days required to conduct the audit.

The determination of auditor days to conduct the on-site audit is guided by the document on determination on auditor days established by SIRIM QAS International. A quotation will be sent to the applicant for consideration. The quotation provides an estimation of the total cost for certification which includes the professional fees for stage 1 and 2 audits, stakeholder consultation, report writing, peer review and other related incidental costs.

2.3 **Application**

Upon agreeing to the quotation, the applicant is required to submit an application form together with an application fee to SIRIM QAS International. For MSPO certification, an applicant can be from an individual premise or a group certification. Group certification can comprise of a mill and its supply base or group of plantation/smallholders.

For Group certification, the unit of certification shall be the Group manager and group members who have signed a contract and/or agreement with the Group Manager to comply with the relevant MSPO Standard for Sustainable Oil Palm and permits assessments by both the Group Manager and an MSPO registered certification body. All the FFB from all managed land (or estates) of group members shall be produced to MSPO certifiable standards.

2.4 **Stage 1 Audit**

Upon receipt of the application form, SIRIM QAS International will appoint an Audit Team Leader, who will be responsible for the applicant's application. Stage 1 Audit is carried out on site to determine (1) the adequacy of the applicant's documentation, (2) whether an internal audit or assessment in the case of Group certification and management review have been conducted and (3) the readiness of the applicant to proceed to Stage 2 Audit.

2.5 **Stakeholder Consultation**

Stakeholder consultation shall be carried out during the audit process. SIRIM QAS International shall notify the stakeholders at least 30 days before the start of the field visit during the audit

2.6 **Stage 2 Audit**

After the findings of the Stage 1 Audit have been resolved and issues from stakeholders have been identified, the Applicant is required to inform the Audit Team Leader on the readiness to proceed to Stage 2 Audit. It is recommended that all proposed actions to address the issues of concerned identified during Stage 1 audit are submitted to the Audit Team Leader at least two weeks before the conduct of Stage 2 Audit.

During Stage 2 Audit, the audit team will evaluate the implementation including the effectiveness of the applicant's MSPO system and practices against the requirements of the MS2530 standard.

2.7 Findings from Stage 2 audit

Audit findings of Stage 2 MSPO Certification audit are classified as either major or minor nonconformities. For major non-conformities, client is required to take corrective action and submit to the Audit Team Leader within 3 months after the last day of stage 2 audit. Failure to do so, the audit team shall conduct another Stage 2 audit prior to recommending certification. For minor non-conformities, client is required to submit the corrective action plan within 60 days after the last day of stage 2 audit. The minor nonconformity can be closed in the next audit.

2.8 Draft Audit Report

Audit Team Leader will prepare a draft final report within 30 days after the closure of the major non-conformities.

2.9 Peer Review

The draft final Stage 2 Audit Report will be submitted to two independent peer reviewers appointed by SIRIM QAS International. Peer reviewer shall review the report within 21 days. Audit Team Leader shall respond to the comments made by the peer reviewers. All issues shall be resolved before the finalization of the audit report.

2.10 Client's Comments

The final Stage 2 Audit Report shall be submitted to Client for factual comment. Client is given 2 weeks to submit comments to the Audit Team Leader.

2.11 Final Report

The final report shall be signed off by the Audit Team Leader and the client.

2.12 Approval by the Section Head

Section Head will decide and approve on the recommendation for MSPO certification.

2.13 Issuance of Certificate

An MSPO Certificate shall be issued upon payment of all fees due and signing of the Certification Agreement. The *Certificate* is valid for 5 years from the date the certification is approved.

2.14 Public Summary Report

A public summary of the audit report shall be made available through SIRIM QAS International's website within 30 days after the certification decision.

2.15 Surveillance Audit/Recertification

All certified premises including Groups shall be subjected to one annual surveillance audit. In exceptional cases, two surveillance audits shall be carried out annually. The surveillance audit shall be conducted not more than 15 (fifteen) months from the date of approval by the Certification Panel. Recertification is carried out once every five years prior to the expiry of the certificate.

Minor non conformities raised in any audit shall be upgraded to major non conformities if the corrective actions have not been adequately addressed.

3. Certification Cost

The cost of certification will vary depending on various factors such as the number of sites to be included in the certification. The schedule for payment of fees over the five-year certification cycle is as follows:

No	Stage	Fee Due
1.	Upon acceptance of quotation and submission of application form	Application fee
2.	Upon completion of Stage 1 Audit	Stage 1 audit fee
3.	Upon completion of main assessment (Stage 2 Audit)	Stage 2 audit fee
