

MARKET ACCESS

SERVICES

Reach the global market via our Market Access services by implementing

excellent business culture through best practices in standards, quality, and technology. Market access service enhances the abilities of the companies to market their product to multiple markets safely, efficiently, and effectively. Along with the testing and product certification services, we provide a one-stop solution for companies. Our experts shall guide companies to comply with the necessary regulatory and standard requirements to ensure products placed in the market comply with the applicable requirements.

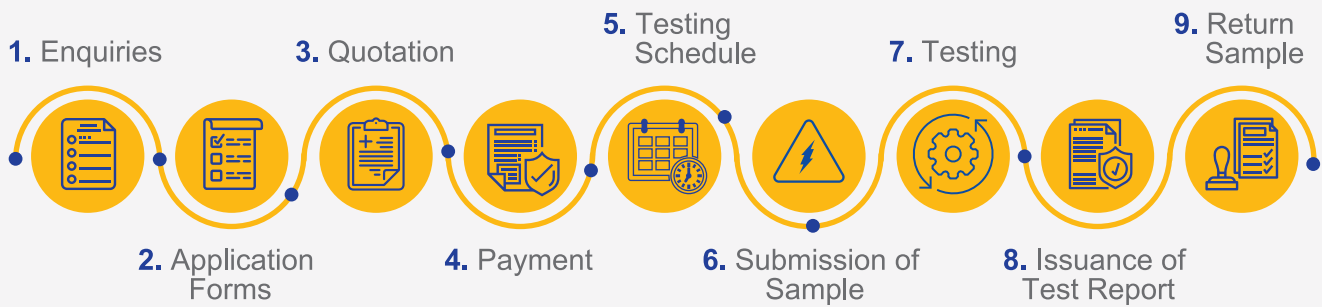

Benefits

- Assist companies in understanding and fulfilling the requirements for obtaining the Certificate of Approval (CoA) from related regulatory bodies (e.g. CoA from Suruhanjaya Tenaga, CoA for Importation of Iron and Steel from CIDB).
- Assist companies to comply with other related regulatory requirements (e.g. Approval for communication equipment).
- Assist companies to comply with the relevant standard and certification requirements.

Market Access service covers advisory on:

- Interpretation and understanding of standards and regulatory requirements.
- Step-by-step guidance on certification requirements and processes.
- Interpretation and understanding of test reports.
- Understanding of test methods and procedures.
- Compliance evaluation.
- Liaison assistance with testing authorities and approval agencies.
- Facilitate in the preparation and submission of testing and approval applications.
- Facilitate in the preparation and submission of application for Product Certification Scheme.

Certification Process:

Why SIRIM QAS?

SIRIM QAS is an internationally recognised conformity assessment body with decades of experience in providing testing, inspection and certification services to both local and international customers.

Accepted as the CB Testing laboratory under the IECEE CB Scheme. This acceptance enables us to issue CB test reports and CB test certificates which are accepted and recognized by participating National Certification Bodies (NCB) and CB Testing Laboratories (CBTL) in more than 50 countries worldwide.

We also gained acknowledgement from the leading accreditation bodies such as the Department of Standards Malaysia (STANDARDS MALAYSIA) and The Energy Commission of Malaysia. These accreditations not only demonstrate the competence of our personnel and the credibility of our certification processes but also ensure the international recognition of our certificates.
