1.0 AUDIT PROCESS

1.1 Certification Body

SIRIM QAS International Sdn. Bhd. is the leading certification, inspection and testing body in Malaysia. SIRIM QAS International provides a comprehensive range of certification, inspection and testing services which are carried out in accordance with internationally and nationally recognised standards. Attestation of this fact is the accreditation of the various certification and testing services by leading national and international accreditation and recognition bodies such as the Department of Standards Malaysia (STANDARDS MALAYSIA), the United Kingdom Accreditation Services (UKAS) and the International Automotive Task Force (IATF). SIRIM QAS International is a partner of IQNet, a network currently comprising of leading certification bodies in Europe, North and South America, East Asia and Australia.

SIRIM QAS International has vast experience in conducting audits related to RSPO certification. It has certified more than a hundred palm oil mills and several estates to ISO 14001 & ISO 45001. SIRIM QAS International has also conducted many audits for sustainable production of palm oil products against the requirements of the RSPO P&C. SIRIM QAS International was approved by the RSPO as a RSPO certification body on 21 March 2008 and re-accredited by ASI on 3 October 2019 (accredited 2014).

1.2 Qualification of audit team

Member of the Audit Team	Role/area of RSPO requirements	Qualifications
Carol Ng	Lead Auditor/ Social (workers) & OSH	She holds a in B.Sc. Biotechnology & B.Sc. Environmental Management from Monash University. She has over 13 years of working experience as an RSPO and CSR auditor and has completed auditor/ lead auditor training courses for RSPO P&C, RSPO SCCS, OHSAS18001, ISO14001, SA8000, MSPO, RBA, SMETA and various other CSR standards.
Dzulfiqar Azmi	Auditor / SOPs, GAP and GHG	He holds a B. Sc. (Hons) in Plantation Technology and Management from UiTM on 2012. He has worked more than 6 years in the oil palm plantation sector. He completed the Lead Auditor Course Integrated Management Systems (IMS) ISO 9001, ISO 14001 & *OHSAS 18001/ISO 45001 and Endorsed RSPO P&C Lead Auditor Course in 2018. He is qualified auditor for MSPO, RSPO and ISO 140001 since Oct. 2018.
Mohd Zulfakar Kamaruzaman	Auditor Social (external stakeholders) & HCV	Holds B.Sc. Forestry from University Putra Malaysia. He had more than 4 years of working experience in the oil palm operations. He has been trained as a RSPO P&C and SC Lead Auditor.

1.3 Audit methodology

The audit covers Spark Glory Sdn Bhd (SGSB) Estate. Since this is an assessment of an outgrower who owns a single estate, a parcel of land with the size of 126.83 ha, the standard sampling formula of 0.8√y does not apply. The audit included an on-site audit of SGSB Estate and its line site to verify the implementation of the requirement of the certification. Interviews with the CU's management, employees and other relevant stakeholders were also conducted during the audit.

1.4 Stakeholder Consultation

Stakeholder consultation was carried out during the on-site audit and the evidence from the stakeholder consultation carried out were as tabulated below: In general, there was no negative comments made against this Certification Unit.

RSPO PUBLIC SUMMARY REPORT

Stakeholders interviewed	Evidence from stakeholder consultation
<p>1) Employees / Workers Organizations (including migrant workers)</p>	<ul style="list-style-type: none"> ▪ Four (4) interviewed workers constituted local and foreign, all male, daily paid, monthly paid and piece rated at estate. They include Spark Glory Plantation workers – 1 local and 3 foreign. There are no female workers employed by the company. The workers do all field work including harvesting, spraying, manuring and field maintenance. ▪ All workers interviewed acknowledged they have signed employment agreements with the estates. The contents of agreement were understood, as these were prepared in English/Bahasa. The contents were explained to them in Bahasa by the management team. ▪ Pre-induction briefing on conditions and terms of employment was explained to them during first reporting of duty ▪ They are aware of their working hours (8 hours). They also acknowledged being paid overtime for any work in excess of 8 hours. There is no forced overtime. Workers are paid on piece-rate basis when doing harvesting, spraying or manuring work and do not get overtime. ▪ Workers have been getting salaries above RM1,100 since January 2019. Salaries are paid before the 7th of every month. ▪ Through worker’s interview, they confirmed there are no abuse at work, and no sexual harassment. They understand what constitutes sexual harassment and the function of Gender Committee. ▪ There is no discrimination between migrant workers and local workers, or between male and female workers as there (are no female workers). ▪ All workers are provided with comfortable housing with free water and electricity. Electricity is supplied 24 hours through solar panels installed at the housing. ▪ They have access to affordable food from close by Tomanggong Estate canteen/sundry shops. Spark Glory has made arrangement with Hap Seng Plantation Management to allow it workers have access at this canteen/sundry shops. The workers can also request the estate management to bring in groceries from town based on their order list. ▪ They are entitled to free medical facilities at the Hap Seng Estate clinic. Spark Glory has made arrangement with Hap Seng Plantation Management to debit it for treatment received by its workers. ▪ Workers had representatives who attend regular meetings with the management (in the JCC) ▪ Workers confirmed knowledge of Grievance complaints procedure, where they can put forward any complaints and or raise any issues. They are aware of the complaints form in the procedure. Books and complaints forms were used to complain about house defects at the Estates. ▪ They knew the types of work offered at Spark Glory estate when they were still in their own countries (no contract substitution). ▪ All migrant workers confirmed that they keep their own passports although some allowed their passport to be kept in the office for safekeeping with their own consent. ▪ Indonesians and local workers were interviewed accordingly.
<p>2) Settlers</p>	<p>Not applicable</p>
<p>3) Villagers / Local communities (including women representatives, displaced communities)</p>	<ul style="list-style-type: none"> ▪ Confirmed there is no land dispute between Spark Glory CU and neighbouring estate, LKM Trading ▪ Representatives from surrounding estates are occasionally are called to attend meetings by Spark Glory Estate. ▪ No social issues arising from estate workers. ▪ All stakeholders were invited to attend RSPO/MSPPO briefings and

RSPO PUBLIC SUMMARY REPORT

	<p>stakeholder meetings.</p> <ul style="list-style-type: none"> ▪ Litang Village is no longer listed as one of the CU's stakeholders as the village is located approximately 30km from the company site and is not affected by the estate's activities. No other villages or local communities are listed as the company's stakeholders. Nevertheless, Kg. Litang village representatives were visited and interviewed during this surveillance audit.
4) Suppliers	No issues were raised by interviewed suppliers and no complaints of late payments.
5) Contract workers	Not applicable as none being used.
6) Local & national NGOs	Not applicable
7) Government agencies / Statutory bodies	Phone interview with Malaysian Palm Oil Board (MPOB) officer confirmed no issues with Spark Glory Estate and that the company is operating in accordance with their MPOB license.
8) Independent growers / Smallholders	Not applicable.
9) Indigenous people	Not applicable.
10) Contractor	Not applicable as none used.
11) Previous land owner (if any)	<p>The company's land was purchased from 7 previous land owners as seen from history of transfer for country leases (CL) from the following previous land owners to Spark Glory Sdn. Bhd. on 26 August 2002:</p> <ul style="list-style-type: none"> i) Chin Chee Man (CL095333412 for 18.22 ha) ii) Chu Vee Len (CL095333421 for 18.27 ha) iii) Chin Mei Kuen (CL095333430 for 18.24 ha) iv) Liew Kok Yong (CL095333449 for 18.15 ha) v) Tai Chee Keong (CL095333458 for 17.97 ha) vi) Liew Moi Yin (CL095333467 for 18.23 ha) vii) Lee Fook San (CL095333476 for 17.75 ha) <p>The history of land transfer from all previous land owners is stated in the company's 7 land titles.</p> <p>The land transfer was done in year 2002 (20 years ago) through a law firm, and there has been no direct contact between the previous land owners and the company's management. Hence all previous land owners are uncontactable. There is no evidence of any existing conflict with the previous land owners.</p> <p>The company complies with the terms and conditions of the land titles which state that the land shall be used only for the cultivation of an agricultural crop of economic value.</p>
12) Others (please specify)	Not applicable.

RSPO PUBLIC SUMMARY REPORT

1.5 Audit plan : Refer to Attachment 2

1.6 Date of next audit : The next surveillance audit will be conducted within 12 months but not sooner than 9 months from this audit.

2.0 SCOPE OF CERTIFICATION AUDIT

2.1 Description of the certification unit

Spark Glory Sdn Bhd is a private company established on 4 August 1994 as stated in the company certificate of incorporation. It is located in Kinabatangan District, Sabah, and is about 87 km from Lahad Datu town, 66 km from Kampung Paris and can be accessed through the government road, estate road and ferry. Spark Glory Sdn. Bhd.'s neighbors are Hap Seng Plantations Berhad (Kapis Estate) and Tabin Wildlife Forest Reserve.

The estate is fully developed with 100% oil palm plantings since 2002. All produced crops are sent to RSPO certified palm oil mills managed by Hap Seng Plantation (River Estates) Sdn. Bhd. The company does not have it's own palm oil mill and does not have any other management units.

2.2 Description of the Supply Base (including the planting profile)

The FFB is sourced only from Spark Glory Sdn. Bhd.

Details of the FFB actual and projected contribution from each source to the mill are shown in the following tables.

Table 1: Actual FFB production by the supply base for the last reporting period (January to December 2021)

Estates	FFB Production	
	Tonnes	Percentage (%)
Spark Glory Sdn Bhd	937.38	100
Total	937.38	100

Table 2: Projected FFB production by supply base for the next reporting period (January to December 2022)

Division	FFB Production	
	Tonnes	Percentage (%)
Spark Glory Sdn Bhd	2000.00	100.00%
Total	2000.00	100.00%

Table 3: Actual FFB received and CPO & PK dispatch by the Mill for the last reporting period (January to December 2021)

	Total (MT)
FFB Production	937.38
CPO Production @ 20%	187.48
PK Production @5%	46.87
Product sold under Book & Claim	0

RSPO PUBLIC SUMMARY REPORT

Table 4: Projected FFB received and CPO & PK dispatch by the Mill of the next reporting period (January to December 2022)

	Total (MT)
FFB Received	2,000.00
FFB Processed	2,000.00
CPO Production	400.00
PK Production	100.00

Table 5: Planted and certified area of the CU

Estate	Planted (ha)	Certified (ha)
Spark Glory Sd Bhd	121.46	126.83
Total	121.46	126.83

Year of planting	Planting cycle (1 st , 2 nd , 3 rd , etc. Generation)	Mature / Immature	Planted area (ha)	Percentage of planted area (%)
2002	1 st Generation	Mature	121.46	100.00
TOTAL			121.46	100.00

2.3 Organizational Information/Contact Person(s)

The details of the contact person are as shown below:

Name	:	Yvonne Chew Siok Fong
Position	:	Managing Director
Address	:	Room 1401, 14 th Floor, Wisma Khoo Siak Chiew, Jln Buli Sim-Sim, 90000 Sandakan, Sabah, Malaysia (Main Office)
Phone no.	:	+60 19 813 8186
Email	:	spark.g@hotmail.com

3.0 AUDIT FINDINGS

3.1 Changes to certified products in accordance to the production of the previous year

No changes on certified products for this CU

3.2 Progress and changes in time bound plan (Refer to Attachment 6 for the time bound plan)

- i. Have all the estates under the parent company been certified? Yes No

If no, comments on the organization's compliance with the RSPO partial certification rules :

- ii. Are there any changes to the organization's time bound plan? Yes No

If yes, comment in terms of acceptance or non acceptance on the changes in the time-bound plan?

RSPO PUBLIC SUMMARY REPORT

iii. Are there associated smallholders (including scheme smallholders) in the CU Yes No

If yes, have ALL the associated smallholders (including scheme smallholders) where their fruit supply is included, by the mill, in its certification? Yes No

If no, please state reasons Single certification – CU is assisted by Hap Seng Plantations

iv. Any new acquisition which has replaced primary forests or HCV areas Yes No

3.3 Other changes (e.g. organizational structure, new contact person, addresses, etc.)

No changes at the time of this audit.

3.4 Status of previous non-conformities * Closed Not closed*
 * If not closed, minor non conformity will be upgraded to major non conformity

3.5. Complaint received from stakeholder (if any)
 None

4.0 DETAILS OF NON-CONFORMITY REPORT

4.1 For P&C (Details checklist refer to Attachment 3) :

Total no. of minor NCR(s) List : 0
 (details refer to Attachment 4)

Total no. of major NCR(s) List : 2 2.1.1 & 7.8.2
 (details refer to Attachment 4)

4.2 For SC (Details checklist refer to Attachment 3) :

Total no. of minor NCR(s) List: N/A
 (details refer to Attachment 4)

Total no. of major NCR(s) List: N/A
 (details refer to Attachment 4)

5.0 AUDIT CONCLUSION

The audit team concludes that the organization has established and maintained its management system in line with the RSPO P&C requirements of the standard and demonstrated the ability of the system to systematically achieve agreed criterion & requirements.

RSPO PUBLIC SUMMARY REPORT

6.0 RECOMMENDATION

- No NCR recorded. Recommended to continue certification.
- Minor NCR(s) recorded. Corrective action plan has been accepted. Verification of the NCR(s) to be carried out in the next audit.

Note: Minor NCRs raised in the audit which are not addressed in the subsequent audit shall be upgraded to major NCRs .

- Major NCR(s) recorded. Evidence of implementation of the corrective actions have been provided and accepted by the audit team. The NCR(s) have been satisfactorily closed out.

- Recommended to continue certification.

- Major NCR(s) recorded. Evidence of implementation of the corrective actions have been provided but not fully accepted by the audit team. NCR(s)..... have not been satisfactorily closed out within 60 days of the audit. Recommended for suspension of the certificate.

Note: Major NCRs which are not addressed within a further 60 days shall result in the certificate being withdrawn.

7.0 IT IS CONFIRMED THAT ALL CORRECTIVE ACTIONS TAKEN ON MAJOR NON CONFORMITIES HAVE BEEN SATISFACTORILY REVIEWED, ACCEPTED AND VERIFIED AND ALL CORRECTIVE ACTIONS PLANS PROVIDED ON MINOR NON CONFORMITIES HAVE BEEN SATISFACTORILY REVIEWED AND ACCEPTED. RECOMMENDED FOR CONTINUATION OF RSPO P & C CERTIFICATION.

2nd SURVEILLANCE AUDIT PLAN

1. Objectives

The objectives of the audit are as follows:

- (i) To determine Certification Unit conformance against the Malaysian National Interpretation 2019 FOR RSPO Principle & Criteria 2018 To verify the effective implementation of corrective actions arising from the findings of last audit.
- (ii) To make appropriate recommendations based on the audit findings.

2. **Date of assessment** : 4 – 7 December 2021

3. **Site of assessment** : Spark Glory Sdn Bhd,
Sg Segama, 91117 Kinabatangan District,
Lahad Datu, Sabah.

4. Reference Standard :

- i. MYNI 2019 of RSPO P&C 2018
- ii. RSPO Certification System Document 2020
- iii. Company's audit criteria including Company's Manual/Procedures

5. Assessment Team

Lead auditor: Carol Ng (CN)

Audit team: Mohd Zulfakar Kamaruzaman (MZK)
Dzulfiqar Azmi (DA)

If there is any objection to the proposed audit team, the organization is required to inform the Lead Auditor/RSPO Section Manager.

7. Audit Method

Site audits or field checks including observation of practices, interviews with internal and external stakeholders and interested parties (employees, nearby population, etc.), documentation review and evaluation of records.

8. Audit Findings

Audit findings shall be classified as major and/or minor. Major non conformities shall be addressed within 90 days or else the certificate shall be suspended. If the major non conformities are still not addressed within another 90 days, the certificate shall be terminated.

If there are five or more major non-compliances within one Principle found during the audit, immediate suspension of RSPO certification shall be recommended.

For minor non conformities raised in the surveillance audit, corrective action shall be verified in the next audit. These shall be upgraded to major non conformities if the corrective actions are not satisfactory implemented in the next audit.

9. Confidentiality Requirements

SIRIM QAS International shall not disclose any information concerning the company regarding all matters arising or coming to its attention with the conduct of the programme, which is of confidential in nature other than information, which is in the public domain.

In the event that there be any legal requirements for disclosing any information concerning the organization, SIRIM QAS International shall inform the organization of the information to be disclosed.

10. Working Language : English and Bahasa Malaysia

11. Reporting

- a) Language : English
- b) Format : Verbal and written
- c) Expected date of issue : 2 weeks after the closure of the Major NC / or if only minor NC, 30 days from the last day of this audit.

12. Facilities Required

- a. Room for discussion
- b. Relevant document and record
- c. Personnel protective equipment if required
- d. Photocopy facilities
- e. A guide for each group

13. Assessment Programme Details : As below

RSPO PUBLIC SUMMARY REPORT

Attachment 3

**RSPO P&C AUDIT CHECKLIST AND FINDINGS
(MYNI 2019 FOR RSPO P&C 2018)**

Principle 1: Behave ethically and transparently

Drive ethical business behaviour, build trust and transparency with stakeholders to ensure strong and healthy relationships.

Clause	Indicators	Comply Yes/No	Findings
1.1 The unit of certification provides adequate information to relevant stakeholders on environmental, social and legal issues relevant to RSPO Criteria, in appropriate languages and forms to allow for effective participation in decision making.	1.1.1 (C) Documents that are specified in the RSPO P&C are made available to the public.	Yes	Spark Glory Sdn Bhd has established and implemented document for responding to any communication in an undated Procedure Request for Information (<i>'Prosedur Memohon Maklumat Syarikat'</i>). Information made available include matters on environmental, social and/or legal that are relevant to RSPO Criteria. The procedure had involved internal and external consultation. The procedure provided a form to be filled up by any stakeholder who has the interest to request any information pertaining to Principle 1. Nonetheless, the method of requesting information was not limited by filling up the form alone. It was also described in the procedure that other means of request such as verbal or in writing, would also be entertained.
	1.1.2 Information is provided in appropriate languages and accessible to relevant stakeholders.	Yes	Spark Glory continued to maintain stakeholders for vendors/suppliers, government agencies, local communities, etc. it was seen Log book titled Grievance book Internal and External Stakeholder was seen maintained as means and evidence of recording information requested by any stakeholders, either internal or external.
	1.1.3 (C) Records of requests for information and responses are maintained.	Yes	Spark Glory maintain records of communication and consultation with external and internal parties. These includes communication with DOSH, Labour Department, Immigration Department, Department of Environment, suppliers and their own workers. Comments by DOSH and DOE on mill and estate operation were recorded in the respective DOSH and DOE inspection book. It was noted during this surveillance audit that there were no requests of information from the authority and stakeholders with regards to the agriculture practice, environment, and safety and health requirements.
	1.1.4 (C) Consultation and communication procedures are documented, disclosed, implemented, made available, and explained to all relevant stakeholders by nominated representative.	Yes	The consultation and communication procedures were documented. External and internal communication procedures developed by Spark Glory Sdn Bhd maintained to be followed and available at the audited sites. Consultation and communications procedures for Spark Glory CU is documented in the <i>Stakeholders Consultation Procedure – Group Level & Estate Level, dated in July 2020</i> . This document was sighted during the audit. An examination of the records kept in the internal and external communication files found that the estates and mill followed the procedures and manuals developed by the company. In the case of internal communications, records of meetings, briefings and memos were

RSPO PUBLIC SUMMARY REPORT

Clause	Indicators	Comply Yes/No	Findings
			sighted. Notices and posters / pamphlets observed displayed on notice boards at the office and the muster ground were also used as a means of internal communication. Regular morning briefings were used by the management to communicate policies, procedures, rules and regulations and other information to its employees. In the case of external communications, they were mainly in the form of correspondence, which were kept in the External Communication File.
	1.1.5 There is a current list of contact and details of stakeholders and their nominated representatives.	Yes	The lists of stakeholders were prepared by both the CU and the company headquarters. The lists included government agencies, suppliers, contractors, schools, bus operators, traders. The list of stakeholders was updated in Oct 2021 to include Government Agencies, NGO's, Supplier/Contractors and All neighboring estates were included in the lists.
1.2 The unit of certification commits to ethical conduct in all business operations and transactions.	1.2.1 A policy for ethical conduct is in place and implemented in all business operations and transactions, including recruitment and contracts.	Yes	Spark Glory has documented policy to committing on integrity for all their staffs and workers by publishing <i>Code of Conduct And Business Ethics Policy</i> .. The CU has communicated the policy for staffs and foreign workers during induction course. Sighted training has been done in June 2021.
	1.2.2 A system is in place to monitor compliance and the implementation of the policy and overall ethical business practice.	Yes	In addition, Spark Glory also has a Vendor CODE of Conduct and Business Ethics which has been developed to outline the standards of behaviour required by Spark Glory which includes expectation to uphold human rights. The COBC applies to all its suppliers, consultants, agents, contractor's/service providers who have direct dealings with the Spark Glory.

Principle 2: Operate legally and respect rights

Implement legal requirements as the basic principles of operation in any jurisdiction.

Clause	Indicators	Comply Yes/No	Findings
2.1 There is compliance with all applicable local, national and ratified international laws and regulations.	2.1.1 (C) The unit of certification complies with applicable legal requirements.	No	The company have valid permits and licenses for the following: Certificate of company registration issued by the Companies Commission of Malaysia, Business license issued by the Lahad Datu district office, Malaysian Palm Oil Board (MPOB) license for the sale and transport of FFB, Permit for purchase and storage of 14,500 litres of diesel, employment of Indonesian non-resident workers issued by the Labour Department of Sabah and Permit for deductions from workers wages for processing of travel documents (excluding levies, bonds, work agency fees, fines for failure to renew work permits, and health checks), passports of dependents and store purchases, issued by the Labour Department of Sabah. However, Safety Data Sheets (SDS) for the following chemicals sighted at the estate

RSPO PUBLIC SUMMARY REPORT

Clause	Indicators	Comply Yes/No	Findings
			<p>chemical stores are only available in English but not the Malay language: Caltex 1000THF & Petronas Urania 500 40. This was raised as Major nonconformity CN 01 2022. (It was also noted that fertilizers were in stock at the estate stores during time of this audit, however SDS for fertilizers Glyphosate IPA 41%, Disodium tetraborate pentahydrate and Ammonium sulphate were also observed to only available in English but not the Malay language).</p>
	<p>2.1.2 A documented system for ensuring legal compliance is in place. This system has a means to track changes to the laws and regulations.</p>	<p>Yes</p>	<p>Spark Glory Sdn Bhd had a mechanism for ensuring that all applicable legal requirements were implemented. Established a procedure "mechanism for tracking any changes in the law". The changes in the law were monitored through:</p> <ul style="list-style-type: none"> • News release through daily newspaper • Lawnet • Current law journal • Law change tracked by publisher. • Circular from relevant association e.g MPOA, MPOB, MAPA, etc. <p>The mechanism was through evaluation of compliance exercise against the legal register by the Estate Manager.</p>
	<p>2.1.3 Legal or authorised boundaries are clearly demarcated and visibly maintained, and there is no planting beyond these legal or authorised boundaries.</p>	<p>Yes</p>	<p>The perimeter boundary of the estate was visibly maintained by erecting pegs along the boundary. During the site review, the physical markers were visibly maintained at Spark Glory Sdn Bhd, especially the ones that are adjacent to other private estate – Hap Seng Plantations Berhad and with Tabin Wildlife Forest Reserve. Management had identified 3 boundary stones and they were sighted during site visit and confirmed to be well maintained with wooden peg installed next to the boundary stones for easy identification.</p>
<p>2.2 All contractors providing operational services and supplying labour and</p>	<p>2.2.1 A list of contracted parties is maintained.</p>	<p>Yes</p>	<p>The list of contracted parties is maintained by Spark Glory in stakeholder list. The lists contain name of contractors, designated contact persons, address, telephone/fax/email and type of contracted works done. The list mainly includes off-site suppliers of materials and chemicals, and a scheduled waste collector. The company currently does not have any contractors providing services on-site.</p>

RSPO PUBLIC SUMMARY REPORT

Clause	Indicators	Comply Yes/No	Findings
Fresh Fruit Bunch (FFB) suppliers, comply with legal requirements.	2.2.2 All contracts, including those for FFB supply, contain specific clauses on meeting applicable legal requirements, and this can be demonstrated by the third party. Evidence of legal due diligence of all contracted third parties, recruitment agencies (licensed/accredited) for migrant workers, service providers and labour contractors, is available.	Yes	The company does not engage any contractor to perform services for the company as the company has their own directly employed workers which perform all the estate field work and FFB transport to the mill. No recruitment agencies were used for the recruitment of foreign workers. Hence this indicator currently does not apply to the company.
	2.2.3 All contracts, including those for FFB supply, contain clauses disallowing child, forced and trafficked labour. Where young workers are employed, the contracts include a clause for their protection.	Yes	The company does not engage any contractor to perform services for the company as the company has their own directly employed workers which perform all the estate field work and FFB transport to the mill. No recruitment agencies were used for the recruitment of foreign workers. Hence this indicator currently does not apply to the company.
2.3 All FFB supplies from outside the unit of certification are from legal sources.	2.3.1 (C) For all directly sourced FFB, the mill requires: <ul style="list-style-type: none"> • Information on geo-location of FFB origins. • Evidence of the ownership status or the right/claim to the land, or valid use of land by the grower/smallholder • One or more supporting documents for claims • Valid MPOB license 	N/A	This small-grower certification unit has no palm oil mill. Thus, this indicator is not applicable.
	2.3.2 For all indirectly sourced FFB, the unit of certification obtains from the collection centres, agents or other intermediaries, the evidence as listed in Indicator 2.3.1.	N/A	This small-grower certification unit has no palm oil mill. Thus, this indicator is not applicable.

RSPO PUBLIC SUMMARY REPORT

Principle 3: Optimise productivity, efficiency, positive impacts and resilience

Implement plans, procedures and systems for continuous improvement.

Clause	Indicators	Comply Yes/No	Findings
3.1 There is an implemented management plan for the unit of certification that aims to achieve long-term economic and financial viability.	3.1.1 (C) A business or management plan (minimum three years) is documented that includes, where applicable, a jointly developed business case for Scheme Smallholders.	Yes	Spark Glory Sdn Bhd had documented its business plan with projections until the financial year 2024. The budget provisions covered 5 years crop projection, mill extraction rate of 20%, estimated cost of production and price forecast.
	3.1.2 An annual replanting programme projected for a minimum of five years with yearly review, is available.	Yes	There was no replanting planned for the next 5 years, as the existing oil palms were planted only in 2002. Replanting is planned for around year 2027.
	3.1.3 The unit of certification holds management reviews at planned intervals appropriate to the scale and nature of the activities undertaken.	Yes	<p>A combined remote RSPO & MSPO Internal audit has been carried out in Dec 2021, conducted by sustainability team from Hap Seng Holdings Berhad. Results from the assessment were shows 3 major NCs.</p> <p>Management review has been carried out on 17 December 2021. The management review meeting minutes covers discussion on the following topics:</p> <ul style="list-style-type: none"> • Follow-up Actions from Earlier Management Review • Sustainability and Adequacy of all SOP's • Sustainable Agriculture Policy • Results of audits (internal and external) • Changes in Legal Requirements if any Compliance • Complaints (internal and external) • Accidents & Injury (LTA) • Environmental issues • Waste management • Energy usage performance • Status of corrective actions • Recommendation for improvement <p>The agenda of the meeting included discussion on RSPO/MSPO internal audit results including corrective action plans to be taken based on assessment findings. The company has taken necessary actions to close all 3 findings.</p>

RSPO PUBLIC SUMMARY REPORT

Clause	Indicators	Comply Yes/No	Findings
<p>3.2 The unit of certification regularly monitors and reviews their economic, social and environmental performance and develops and implements action plans that allow demonstrable continuous improvement in key operations.</p>	<p>3.2.1 (C) The action plan for continuous improvement is implemented, based on consideration of the main social and environmental impacts and opportunities of the unit of certification.</p>	Yes	<p>SGSB has established the Social Impact Assessment Management Action Plan and Continuous Improvement Plan on 11th – 12th Jan 2019. The date of the first report was in Jan 2019. The action plan was reviewed in Dec 2021. Continual Improvement Plan covers issues related to continued and improved relationship with neighbouring Estates, Government agencies, Palm Oil Mills and both internal and external stakeholders (including suppliers, work force etc) in general. Person responsible for social issues (internal and external stakeholders) and monitoring them had been appointed. had been plan and person responsible to monitor the implementation.</p> <p>The sighted SGSB Social Impact Assessment Management Action Plan covered:</p> <ul style="list-style-type: none"> • Review of social impacts and to implement plans to mitigate the negative impacts and promote the positive ones. • Compliance to SOP and legal requirements regarding to social. • To contribute to local communities' (workers) development. • To response on the issues discussed during the various avenues (Stakeholder Meeting, OSH Meeting, Workers Meeting, Complaint Books etc) <p>Sampled the Management Action Plan for mature maintenance, the major activities identified (harvesting, spraying & manuring), the potential impact assessed (water & air pollution, soil erosion), waste generated (empty fertilize bags, empty chemical containers), and their mitigation measures recommended (to maintain riparian zone, regular vehicle maintenance), person responsible and remarks/status. Noted, both positive and negative impacts were identified.</p>
	<p>3.2.2 As part of the monitoring and continuous improvement process, annual reports are submitted to the RSPO Secretariat using the RSPO metrics template.</p>	Yes	<p>The monitoring and continuous improvement process, annual reports are submitted to the RSPO Secretariat using the RSPO metrics template.</p>
<p>3.3 Operating procedures are appropriately documented, consistently implemented and monitored.</p>	<p>3.3.1 (C) Standard Operating Procedures (SOPs) for the unit of certification are in place.</p>	Yes	<p>Spark Glory Sdn Bhd had adopted the following documented manuals and document as their standard operating procedures:</p> <ol style="list-style-type: none"> 1. MPOB Code of Good Agricultural Practice for Oil Palm Estates and Small Holdings. 2. Standard Operating Procedure (SOP). 3. Safe and Standard Operating Procedure (SSOP). 4. Spark Glory Agriculture Manual. <p>The Agriculture Manual has 5 Subjects:</p> <ul style="list-style-type: none"> • SGAM – No.1 Harvesting • SGAM – No.2 IPM • SGAM – No.3 Manuring • SGAM – No.4 Upkeep of Mature Oil Palms • SGAM – No.5 Soil Conservation and Terracing

RSPO PUBLIC SUMMARY REPORT

Clause	Indicators	Comply Yes/No	Findings
	3.3.2 A mechanism to check consistent implementation of procedures is in place.	Yes	<p>The Estate Manager was accountable to check on consistent implementation of procedures. Among the means were:</p> <ul style="list-style-type: none"> i) Periodic reporting to the Managing Director ii) On site visits, inspections and discussions with the Mandore. iii) Assessments and audits like Internal Audits, iv) Consultation with Management of Hap Seng Plantation Holdings Berhad, Spark Glory mentor for RSPO implementation. v) Information on FFB Quality check as informed by Hap Seng mill <p>Implementation of these procedures included:</p> <ul style="list-style-type: none"> • briefing on the SOPs and related documents. • workers were frequently reminded about it during the morning muster. • relevant SOPs, sometimes an abridged version, were displayed at estate office notice board. • Monitoring of records such as those shown in the indicator 4.1.3 below. <p>Among the mechanism sighted at Spark Glory Sdn Bhd were fertilizer application monitoring sheets, program sheets for weeding, Road Maintenance. Visits to check on implementations were also carried out by an Agronomist from Hap Seng Plantations Holdings Berhad and by the Managing Director.</p>
	3.3.3 Records of monitoring and any actions taken are maintained and available.	Yes	Evidence was available that Spark Glory Estate was able to demonstrate that it has maintained records of monitoring and action taken. Records of monitoring and the action taken were maintained and kept for a minimum of 12 months. Monthly Costing and Annual Reports on monitoring of all activities were made available.
3.4 A comprehensive Social and Environmental Impact Assessment (SEIA) is undertaken prior to new plantings or operations, and a social and environmental management and monitoring plan is implemented and regularly updated in	3.4.1 (C) In new plantings or operations including mills, an independent SEIA, undertaken through a participatory methodology involving the affected stakeholders and including the impacts of any smallholder/outgrower scheme, is documented.	Yes	There was no new planting or replanting. The estate has been established since year 2002.
	3.4.2 For the unit of certification, a SEIA is available and social and environmental management and monitoring plans have been developed with participation of affected stakeholders.	Yes	SGSB has a documented Environmental Impact Assessment (EIA) Management Action Plan and Continuous Improvement Plan. The EIA was conducted in Jan 2019. Environmental impacts related to general estate activities including harvesting, spraying, fertilizer application, pest control, transport, office, stores, diesel tank, housing, landfill, and HCV areas were identified, and actions plans for continuous improvement identified for all environmental impacts.

RSPO PUBLIC SUMMARY REPORT

Clause	Indicators	Comply Yes/No	Findings
ongoing operations.			<p>SGSB also has a documented Social Impact Assessment (SIA) Management Action Plan and Continuous Improvement Plan. The SIA was conducted in Jan 2019. The initial SIA assessment was developed with participation of stakeholders (internal and external) as evidenced by the minutes of the stakeholder consultations (Estate Level) dated in Jan 2019 where 43 stakeholders comprising worker representatives, government agencies, internal stakeholders, suppliers, contractors or consultants, and neighbouring plantations were present. Follow up stakeholder meetings to review the SIA was conducted in Dec 2021 was done remotely by Zoom call due to the ongoing COVID-19 pandemic. Stakeholders of Spark Glory Sdn. Bhd. who joined the last stakeholder consultation meeting included an NGO (Humana Child Aid Society, WWF), government bodies (EPF, MPOB, DOSH), contractors and suppliers and surrounding estates. The annual stakeholder consultation meetings for Spark Glory Sdn. Bhd. are combined with stakeholder consultation meetings for other 6 other neighbouring outgrower companies that are supplying to palm oil mills owned by Hap Seng Plantations (2 companies are certified and 4 others are in progress of RSPO certification), as the stakeholders for all these outgrower companies are similar. A separate stakeholder consultation with all 5 estate workers was conducted in Dec 2021 with records of meeting minutes, photos and signed attendance list sighted. No issues or complaints were raised by participants of the last stakeholder consultation meeting.</p>
	3.4.3 (C) The social and environmental management and monitoring plan is implemented, reviewed and updated regularly in a participatory way.	Yes	<p>The EIA and SIA Management Action Plans of SGSB is implemented and monitored ensuing review and update once a year. Areas of concern/key findings were identified together with the action plan, person in charge and respective completion date. There is evidence that the areas of concern /key findings were developed with the consultation of affected parties.</p> <p>The EIA and SIA Continuous Improvement Plan for year 2022 was updated based on results of the stakeholder consultation review conducted in Dec 2021 for external and internal stakeholders.</p>
3.5 A system for managing human resources is in place.	3.5.1 Employment procedures for recruitment, selection, hiring, promotion, retirement and termination are documented and made available to the workers and their representatives where applicable.	Yes	<p>SGSB has developed an employment procedure for recruitment, selection; hiring, promotion, retirement and termination are documented and made available to the workers and their representatives, as detailed under SOP for Recruitment, Retirement and Promotion of Workers (Local & Foreign) 2021.</p> <p>As stated in the company's Equal Opportunity Policy, the company commits to ensuring equal opportunities in the workplace. Hiring, remuneration, access to training, promotion, termination or retirement will be implemented based on business needs, job requirements and individual qualifications regardless to ethnic origins, caste, national origin, religion, disability, gender, sexual orientation, gender identity, union membership, political affiliation or age.</p>
	3.5.2 Employment procedures are implemented, and records are maintained.	Yes	<p>Employment procedures are implemented, and records are maintained at Spark Glory. This was evidenced by sighted Workers Letter of Employment, "Workers Master List", Checkroll and Payslips of the workers. Workers' SOCSO Registration of workers was also verified.</p> <p>Review of the employment records of Spark Glory's all five (5) employees proved the employment procedures are implemented, and records are maintained at Spark Glory Sdn. Bhd.</p>

RSPO PUBLIC SUMMARY REPORT

Clause	Indicators	Comply Yes/No	Findings
3.6 An occupational health and safety (H&S) plan is documented, effectively communicated and implemented.	3.6.1 (C) All operations are risk assessed to identify H&S issues. Mitigation plans and procedures are documented and implemented.	Yes	Spark Glory Sdn Bhd had identified and reviewed all operations that has significant hazards and risks and had determined appropriate risk control measures in accordance with DOSH Hazard Identification, Risk Assessment and Risk Control (HIRARC) Guidelines 2008. The HIRARC Register was last reviewed in Dec 2021. Corresponding Standard Operation Procedure and Safe Work Procedure for these activities were documented, implemented and also used during employees training.
	3.6.2 (C) The effectiveness of the H&S plan to address health and safety risks to people is monitored.	Yes	The effectiveness of the health & safety plans is monitored during internal audits conducted once every 3 months by the Hap Seng Plantations sustainability team. Date of last internal audit was in Dec 2021. Findings of internal audit included 2 major NCs related to medical surveillance of workers and trainings needs, with evidence of actions taken to close these non-conformities available for review. As there has been new accidents in the past one year, there has been no changes made to the company's HIRARC Register.
3.7 All staff, workers, Scheme Smallholders, outgrowers, and contract workers are appropriately trained.	3.7.1 (C) A documented programme that provides training is in place, which is accessible to all staff, workers, Scheme Smallholders and outgrowers, taking into account gender-specific needs, and which covers applicable aspects of the RSPO P&C, in a form they understand, and which includes assessments of training.	Yes	Formal Safety, Health & Environmental training program for year 2021 that covers aspects of the RSPO Principles and Criteria, with regular assessments of training needs were presented to auditors by both estates. Trainings were either conducted internally by its own manager or by sustainability team from Hap Seng Plantation. A training needs analysis for all company workers was also conducted for year 2021.
	3.7.2 Records of training are maintained, where appropriate on an individual basis.	Yes	Records of ESH trainings conducted for year 2021 were sighted and include training meeting minutes, signed attendance lists and photos.
	3.7.3 Appropriate training is provided for personnel carrying out the tasks critical to the effective implementation of the Supply Chain Certification Standard (SCCS). Training is specific and relevant to the task(s) performed.	N/A	Not applicable. This CU is a single estate with no palm oil mill.

RSPO PUBLIC SUMMARY REPORT

SUPPLY CHAIN REQUIREMENTS FOR MILLS

Ref. in RSPO SCCS	Indicators	Comply Yes/No	Findings
3.8.1	<p>Identity Preserved Module A mill is deemed to be IP is the FFB processed by the mill are sourced from plantations/estates that are certified against the RSPO P&C, or against a Group Certification Scheme Certification for the CPO mills is necessary to verify the volumes and sourced of certified FFB entering the mill, the implementation of any processing control as and volume sales of RSPO certified products. If a mill processes certified and uncertified FFB without physically separating them, the inly MB Module is applicable.</p>	N/A	Not applicable. This CU is a single estate with no palm oil mill.
3.8.2	<p>Mass balance Module A mill is deemed to be MB is the mill process FFB from both RSPO certified and uncertified plantations/estates. A mill may be taking delivery of FFB from uncertified growers, in addition to those from its own and 3rd party certified supply base.</p>	N/A	Not applicable. This CU is a single estate with no palm oil mill.
3.8.3	<p>The estimated tonnage of CPO and PK products that could potentially be produced by the certified mill shall be recorded by the CB in the public summary of the P&C certification report. This figure represents the total volume of certified oil palm product (CPO and PK) that the certified mill is allowed to deliver in a year. The actual tonnage produced</p>	N/A	Not applicable. This CU is a single estate with no palm oil mill.

RSPO PUBLIC SUMMARY REPORT

Principle 4: Respect community and human rights and deliver benefits

Respect community rights, provide equal opportunities, maximise benefits from engagement and ensure remediation where needed.

Clause	Indicators	Comply Yes/No	Findings
4.1 The unit of certification respects human rights, which includes respecting the rights of Human Rights Defenders.	4.1.1 (C) A policy to respect human rights, including prohibiting retaliation against Human Rights Defenders, is documented and communicated to all levels of the workforce, operations, FFB suppliers and local communities and prohibits intimidation and harassment by the unit of certification and contracted services, including contracted security forces.	Yes	Human Rights policy dated in Mar 2020 was made available at Spark Glory. There is also a new sustainable Agriculture Policy dated 12 August 2020 sign by Managing Director contain the clause of prohibiting retaliation against Human Rights Defenders. The policy has been communicated to staffs and workers during morning muster and training.
	4.1.2 The unit of certification does not instigate violence or use any form of harassment in their operations.	Yes	As at time of audit, it was confirmed that the unit of certification does not instigate violence or use any form of harassment, including the use of mercenaries and paramilitaries in their operations.
4.2 There is a mutually agreed and documented system for dealing with complaints and grievances, which is implemented and accepted by all affected parties.	4.2.1 (C) The mutually agreed system, open to all affected parties, resolves disputes in an effective, timely and appropriate manner, ensuring anonymity of complainants, HRD, community spokespersons and whistleblowers, where requested, without risk of reprisal or intimidation and follows the RSPO policy on respect for HRD.	Yes	Spark Glory have developed procedures to handle grievances and disputes titled as 'Procedure for reporting complaints and grievances (Prosedur Melapor Aduan dan Permasalahan)' and 'Grievances Procedure – Appendix 1' for staffs and workers, Prosedur Aduan dated 2020 and also company has developed procedure named " Mekanisme Melindungi Pengadu Terhadap Tatacara tidak Wajar (Whistleblower)" dated in Nov 2020 to protect the complainants.
	4.2.2 Procedures are in place to ensure that the system is understood by the affected parties, including by illiterate parties.	Yes	Based on interview with stakeholders at Litang Estate, Found the system was understood by the affected parties. The procedure for complaint/grievance resolution was explained to all workers and external stakeholders through management/workers/stakeholders meeting. Sighted document for Spark Glory showed briefing the stakeholders meeting was held in Jan 2021 (Internal & External Stakeholder). For foreign workers, the procedure was explained during initial report for duty with assistance of translators.

RSPO PUBLIC SUMMARY REPORT

Clause	Indicators	Comply Yes/No	Findings
	4.2.3 The unit of certification keeps parties to a grievance informed of its progress, including against agreed timeframe and the outcome is available and communicated to relevant stakeholders.	Yes	Spark Glory keeps parties to a grievance informed of its progress, including against agreed timeframe and the outcome is available and communicated to relevant stakeholders as evidenced by the stakeholders meeting, which was held in Jan 2021 (Internal & External Stakeholder)
	4.2.4 The conflict resolution mechanism includes the option of access to independent legal and technical advice, the ability for complainants to choose individuals or groups to support them and/or act as observers, as well as the option of a third-party mediator.	Yes	The system used by the Spark Glory in resolving disputes and grievances exists in the procedure called 'Prosedur Melapor Aduan dan Permasalahan' and 'Grievances Procedure – Appendix 1' for staffs and workers, <i>Stakeholders Consultation Procedure – Group Level & Estate Level</i> . The Spark Glory has its own Internal Complaint Form/Book and External Communication/Complaint Form/Book available. The Internal Complaint Books are mostly for employees to lodge complaint pertaining to their houses. The external stakeholder complaint record/book reviewed did not show complaints against the CU. Sighted the new Procedure Title The Grievance procedure has already include an ability for complainants to choose individuals or groups to support them and/or act as observers, as well as the option of a third-party mediator.
4.3 The unit of certification contributes to local sustainable development as agreed by local communities.	4.3.1 Contributions to community development that are based on the results of consultation with local communities are demonstrated.	Yes	There was no local community lived nearby or within the Spark Glory area. However, the CU has made a donation to NGO's namely Fair LD at Lahad Datu.
4.4 Use of the land for oil palm does not diminish the legal, customary or user rights of other users without their free, prior and informed consent.	4.4.1 (C) Documents showing legal ownership or lease, or authorised use of customary land authorised by customary landowners through a Free, Prior and Informed Consent (FPIC) process. Documents related to the history of land tenure and/or the actual legal or customary use of the land are available.	Yes	The right to use the land at the CU can be demonstrated and not disputed by any party. Evidence of legal ownership of the land including history of land tenure was verified. At Spark Glory the land was previously owned by a group of smallholders (Chin Chee Man, Chu Vee Len, Chin Mei Kuen, Liew Kok Yong, Tai Chee Keong, Liew Moi Yin and Lee Fook San. Smallholder bought the land from Sabah Land Development Board in 1987 and they developed the land in 2002 with planting of Oil Palm. On 2/7/2008 Spark Glory Sdn Bhd purchased the land. There were clear land ownership documents available for review. The original copies of the documents were kept in Spark Glory office in Lahad Datu. Copies of land titles for Spark Glory was also sighted at Estate office. The Spark Glory estate is under the jurisdiction of Kinabatangan District. Review of the documents confirmed the terms and condition of the land is for cultivation of agricultural crop of economic value and ii has been complied.

RSPO PUBLIC SUMMARY REPORT

Clause	Indicators	Comply Yes/No	Findings
	4.4.2 Copies of documents evidencing agreement-making processes and negotiated agreements detailing the FPIC process are available and include:	Yes	<p>As reported in 4.4.1 of this checklist, it has been verified that the land is now legitimately owned by Spark Glory since 2/7/2008. The audit team had confirmed that there were no land issues related to previous owners.</p> <p>The audit team has also interviewed relevant stakeholder such as the Kampung Litang, Hap Seng Plantation and IOI Plantation, From the interviews, it can be concluded that there was no evidence of any land dispute at Spark Glory with their neighboring private oil palm estates and villagers.</p>
4.4.2a Evidence that a plan has been developed through consultation and discussion in good faith with all affected groups in the communities, with particular assurance that vulnerable, minorities' and gender groups are consulted, and that information has been provided to all affected groups, including information on the steps that are taken to involve them in decision making.	Yes		
4.4.2b Evidence that the unit of certification has respected communities' decisions to give or withhold their consent to the operation at the time that these decisions were taken.	Yes		
4.4.2c Evidence that the legal, economic, environmental and social implications of permitting operations on their land have been understood and accepted by affected communities, including the implications for the legal status of their land at the expiry of the unit of certification's title, concession or lease on the land.	Yes

	pesticide handling.		
	5.2.5 The unit of certification regularly reviews and publicly reports on the progress of the smallholder support programme.	N/A	Not Applicable since this Assessment is for Small Grower and This company are assisted by Hap Seng Plantations.

Principle 6: Respect workers' rights and conditions

Protect workers' rights and ensure safe and decent working conditions.

Clause	Indicators	Comply Yes/No	Findings
6.1 Any form of discrimination is prohibited.	6.1.1 (C) A publicly available non-discrimination and equal opportunity policy is implemented in such a way to prevent discrimination based on ethnic origin, caste, national origin, religion, disability, gender, sexual orientation, gender identity, union membership, political affiliation or age.	Yes	The company has an Equal Opportunity Policy available in English and Malay language and posted on the company notice board at the office. As stated in the policy, the company commits to ensuring equal opportunities in the workplace. Hiring, remuneration, access to training, promotion, termination or retirement will be implemented based on business needs, job requirements and individual qualifications regardless to ethnic origins, caste, national origin, religion, disability, gender, sexual orientation, gender identity, union membership, political affiliation or age. There is no evidence of discrimination based on feedback provided by employees interviewed. The company currently has only 5 male workers (3 Indonesian and 2 local) and no female workers, and one of Indonesian workers is a mandora. The estate manager is male, while the managing director is female.
	6.1.2 (C) Evidence is provided that workers and groups including local communities, women, and migrant workers have not been discriminated against including charging of recruitment fees for migrant workers.	Yes	Apart from the Equal Opportunity Policy which emphasizes that all employees shall be treated equally, there is also no evidence that there has been any form of discrimination against any employee, or group of employees. As confirmed by the workers during interviews and field observation, payment of wages/salaries, provision of housing and access to benefits and amenities is fair and equal based on principle of equal pay for equal work. Review of pay checks, contracts of employment, and interviews of staff, local and foreign workers showed discriminatory practices on the part of Spark Glory Sdn. Bhd. Foreign workers also accorded the same living standards and accommodations as local workers. Interview with workers at SGSB CU also confirmed there was no discriminatory recruitment fees imposed on them by any recruitment agent. All workers in Spark Glory CU Estate have entered into employment voluntarily as verified during the interview with all Indonesian and local workers. The Indonesian foreign workers were previously already working in Malaysia and recruited through word of mouth on job vacancies by other

RSPO PUBLIC SUMMARY REPORT

Clause	Indicators	Comply Yes/No	Findings
			workers. None were brought in directly from Indonesia by the company or employed through recruitment agencies, hence they did not pay any recruitment fees.
	6.1.3 The unit of certification demonstrates that recruitment selection, hiring, access to training and promotion are based on skills, capabilities, qualities and medical fitness necessary for the jobs available.	Yes	Records of hiring were reviewed during the audit. It was noted that the hiring was based on the skills, capabilities, qualities and medical fitness. This was confirmed by the employees who were interviewed during the audit. Interview of candidates was done by Management Staff where an evaluation form is filled up to determine the suitability of the candidate.
	6.1.4 Pregnancy testing is not conducted as a discriminatory measure and is only permissible when it is legally mandated. Alternative equivalent employment is offered for pregnant women.	Yes	Currently, there were no female workers at SGSB CU.
	6.1.5 (C) A gender committee is in place specifically to raise awareness, identify and address issues of concern, as well as opportunities and improvements for women.	Yes	A Gender Committee has been formed or appointed committee member and it was noted the committee was formed in line with SGSB CU Implementation of the Gender Policy. The latest Gender Committee Meeting and training was held in June 2021. The meeting agenda covers, among other things, policy awareness, grievances procedures, functions of the Gender Committee, male and female rights, prevention of sexual harassment and the activities for the year 2020. The minutes of meeting were verified by auditor and found that gender committee was in place specifically to raise awareness, identify and address issues of concern, as well as opportunities and improvements for genders at SGSB CU.
	6.1.6 There is evidence of equal pay for the same work scope.	Yes	The equal opportunities policy developed by SGSB states that all employees shall be treated fairly in terms of recruitment, progression, terms and conditions of work regardless of race, caste, nationality, gender, physique, sexual orientation, union membership, political view, religion and age. All company CSR policies are displayed on notice boards in both Malay and English language.
6.2 Pay and conditions for staff and workers and for contract workers always meet at least legal or industry minimum standards and are sufficient to provide decent living wages (DLW).	6.2.1 (C) Applicable labour laws, union and/or other collective agreements and documentation of pay and conditions are available to the workers in national languages (English or Bahasa Malaysia) and explained to them in language they understand.	Yes	Written employment contracts are provided in Malay language to all workers. Employment contracts clearly state the worker's position, basic wages, working hours, paid public holidays, paid annual leave, paid sick leave, hospitalization leave, maternity leave (for female employees only), medical benefits, insurance scheme, and retirement age. During interview with 4 out of 5 workers available onsite, they understood the content of their contracts of employment and pay slips.
	6.2.2 (C) Employment contracts and related documents detailing payments and conditions of employment (e.g. regular	Yes	Contracts and conditions of employment are contained in employment contracts signed between Spark Glory Sdn. Bhd.'s management on one hand, and their workers on the other. The employment contracts sampled were prepared in Malay language, which is

	working hours, deductions, overtime, sick leave, holiday entitlement, maternity leave, reasons for dismissal, period of notice, etc. in compliance with national legal requirements) and payroll documents give accurate information on compensation for all work performed. This includes a form of record for work done by family members.		similar to Indonesian and understood by both Indonesian and Malay workers. Employment contracts clearly state the worker's position, basic wages, working hours, paid public holidays, paid annual leave, paid sick leave, hospitalization leave, maternity leave (for female employees only), medical benefits, insurance scheme, and retirement age. Notice period for resignation/termination is not defined in the contracts and as such the notice period follows the requirements of the Sabah Labour Ordinance. Labour laws, union and/or other collective agreements detailing payments and other conditions, was made available in the languages understood by the workers and explained to them by a management during induction. Monthly pay slips are available as the evidence of worker's remuneration. Payment of statutory contributions for local workers including EPF, SOCSO and Employment Insurance Scheme while foreign workers are covered under social security (SOCSO) in accordance with the relevant legal provisions.
	6.2.3 (C) There is evidence of legal compliance for regular working hours, deductions, overtime, sickness, holiday entitlement, maternity leave, reasons for dismissal, period of notice and other legal labour requirements.	Yes	<p>There is evidence of legal compliance to the Sabah Labour Ordinance for regular working hours, deductions, sickness, reasons for dismissal, period of notice and other legal labour requirements</p> <p>The working hours as per regulation was for 8 hours and 0.5 hours break in the between the time. The time for break at the Estate is 1100-1130am. Overtime is not regularly provided to estate workers as they are paid based on piece rate and only paid overtime in case they need to work during emergencies.</p> <p>It has been verified during this audit that all the above conditions were being complied with. This was from verification on Checkroll, Payslips and Contract of Employment (Letter of Employment Offer)</p> <p>Apart from statutory salary deductions for EPF, EIS and SOCSO, the company does not make any other deductions from workers wages.</p>

RSPO PUBLIC SUMMARY REPORT

Clause	Indicators	Comply Yes/No	Findings
	6.2.4 (C) The unit of certification provides adequate housing, sanitation facilities, water supplies, medical, educational and welfare amenities to national standards or above, where no such public facilities are available or accessible. National laws, or in their absence the ILO Guidance on Workers' Housing Recommendation No. 115, are used. In the case of acquisitions of non-certified units, a plan is developed detailing the upgrade of infrastructure. A reasonable time (5 years) is allowed to upgrade the infrastructure.	Yes	Spark Glory Sdn. Bhd. has provided adequate housing, water supplies, medical and welfare amenities. Each housing unit is provided with 2 water tanks to collect rainwater and mineral water is provided free by the company. Electricity is supplied on 24 hour basis for free through solar panels installed at the housing. The prayer room is made available at the nearby office for Muslim workers. The workers' families do not live onsite so there are educational facilities or creche made available for children. The houses were all in reasonably good condition, and each house has between 2 – 3 bedrooms. The houses are generally well-maintained with not more than 6 persons live in each house. They are also furnished with the necessities such as cupboard, mattresses, pillows and cooking facilities. Workers interviewed confirmed that the houses and amenities provided are adequate, comfortable and requests for repairs were attended to in a timely manner. Housing inspections are being conducted twice a month as evidenced from the housing inspection sampled reports. Spark Glory workers are entitled to free medical facilities at the Hap Seng Estate clinic. Spark Glory has made arrangement with Hap Seng Plantation Management to debit it for treatment received by its workers.
	6.2.5 The unit of certification makes efforts to improve workers' access to adequate, sufficient and affordable food.	Yes	Workers have access to adequate, sufficient and affordable food where workers confirmed during interviews that they usually place orders with the Estate Manager who makes purchases of groceries for the workers at nearby Tamu in Jeroco or a sundry shop at Hap Seng Estate. Among the items ordered include sugar, rice, flour, cooking oil, eggs, detergent and other daily necessities.
	6.2.6 A "DLW" is paid to all workers, including those on piece rate/quotas, for whom the calculation is based on achievable quotas during regular work hours. PROCEDURAL NOTE: A written policy with specific implementation plan, committing to payment of a "decent living wage" is in place. The implementation plan with specific targets, and a phased implementation process will be in place, including the following: • An assessment is conducted to	Yes	Based on the suggested method(s) by RSPO guideline, an assessment of the Prevailing Wage was conducted for Spark Glory CU and the Prevailing Wage was found to be updated for year 2022.

RSPO PUBLIC SUMMARY REPORT

Clause	Indicators	Comply Yes/No	Findings
	<p>determine prevailing wages and in-kind benefits already being provided to workers.</p> <ul style="list-style-type: none"> • There is annual progress on the implementation of living wages • Where a minimum wage, based on equivalent basket of goods, is stipulated in Collective Bargaining Agreements (CBAs), this should be used as the foundation for the gradual implementation of the living wage payment. • The unit of certification may choose to implement the “living wage” payment in a specific section as a pilot project; the pilot will then be evaluated and adapted before an eventual scale-up of the living wage implementation <p>Until such time where the Malaysian version of “decent living wage” has been endorsed by RSPO and implemented by the unit of certification, the Malaysian minimum wage has to be paid.</p>		
	6.2.7 Permanent, full-time employment is used for all core work performed by the unit of certification. Casual, temporary and day labour is limited to jobs that are temporary or seasonal.	Yes	All Spark Glory CU, permanent and full-time workers are used for core work such as Harvesting, Manuring and Spraying. There are no temporary workers and contractors at SGSB.
6.3 The unit of certification respects the rights of all personnel to form and join trade unions of their choice and to bargain collectively.	6.3.1 (C) A published statement recognising freedom of association and right to collective bargaining in national languages (English and/or Bahasa Malaysia) is available and is explained to all workers, in language that they understand, and is demonstrably implemented.	Yes	Spark Glory subscribes to the documented policy on Freedom of Association and Right to Collective Bargaining. This Policy is available in dual language, i.e. Malay and English and it recognizes and respects of employees to join trade union of their choice and to bargain collectively subject to the provisions of relevant national legislations. Employment contracts sighted do not contain any prohibitive clause from joining any trade unions. The workers who were consulted had confirmed that they were aware of their rights to join a union. Currently workers have chosen not to join any trade union.

RSPO PUBLIC SUMMARY REPORT

Clause	Indicators	Comply Yes/No	Findings
Where the right to freedom of association and collective bargaining are restricted under law, the employer facilitates parallel means of independent and free association and bargaining for all such personnel.	6.3.2 Minutes of meetings between the unit of certification with trade unions or workers representatives, who are freely elected, are documented in national languages (English and/or Bahasa Malaysia) and made available upon request.	Yes	In practice, there is no trade union/workers' union. However, the company and workers' representatives have formed a Joint Consultative Committee (JCC) comprising management and worker representatives who have been elected by the workers themselves as a communication channel between management and workers. The last JCC meeting with all workers was held in Dec 2021 with records of meeting minutes in Malay language, signed attendance lists and photo of the meeting sighted.
	6.3.3 Management does not interfere with the formation or operation of registered unions/ labour organisations or associations, or other freely elected representatives for all workers including migrant and contract workers.	Yes	There is no evidence that Spark Glory management interferes with the formation or operation of registered unions/ labour organizations or associations, or other freely elected representatives for all workers including migrant and contract workers. There is currently no workers union at SGSB, although the workers are allowed to join any registered organizations or associations they please. The Company and workers' representatives have formed a Joint Consultative Committee (JCC) comprising management and worker representatives who have been elected by the workers themselves as a communication channel between management and workers.
6.4 Children are not employed or exploited.	6.4.1 A formal policy for the protection of children, including prohibition of child labour and remediation is in place, and included into service contracts and supplier agreements.	Yes	The company has a Child Labour Policy dated 1 March 2020 which is publicly available in English and Malay at Spark Glory estate. The policy states that the employer and its' suppliers/ contractor shall not employ or promote the use of child labour and shall take appropriate measures to prevent the use of such labour in connection with their activities. Remedial action with appropriate follow-up action shall be employed if any child labour case is discovered in order to protect the welfare of the child. This policy is posted on notice boards in the estate office.
	6.4.2 (C) There is evidence that minimum age requirements are met. Personnel files show that all workers are above the national minimum age or above company policy minimum age, whichever is higher. There is a documented age screening verification procedure.	Yes	There was no evidence that the estate has employed anyone below the age of 18 years. This was verified by examining the workers master lists, personal file, employment contracts and payslips of all workers at Spark Glory where details of the workers' IC numbers or passports and dates of birth are available.
	6.4.3 (C) Young persons may be employed only for non- hazardous work, with protective restrictions in place for that work.	Yes	There was no evidence that the estate has employed anyone below the age of 18 years.
	6.4.4 The unit of certification demonstrates communication about its 'no child labour' policy and the negative effects of child labour, and promotes child protection to supervisors and other key staff,	Yes	Spark Glory Estate has a No Child Labour Policy which is publicly available. There was no evidence that the estate had employed anyone below the age of 18 years. Communication of Spark Glory's 'no child labour' policy was implemented to both workers and external stakeholders (including neighbouring estates, suppliers, local community) through workers training programmes and JCC meetings respectively.

	smallholders, FFB suppliers and communities where workers live.		
6.5 There is no harassment or abuse in the workplace, and reproductive rights are protected.	6.5.1 (C) A policy to prevent sexual and all other forms of harassment and violence is implemented and communicated to all levels of the workforce.	Yes	Spark Glory has and implements Sexual Harassment, Violence and Abuse Policy available in both English and Malay language and posted on the office notice board. The policy states that the company's commitment to providing a safe, supporting and respectful working environment free from sexual harassment, violence and abuse where all employees shall be treated with dignity, courtesy and respect. The company shall take remedial steps to protect its employees from intimidation. All workers interviewed confirmed that they have been briefed on and understand the policy. Records of last briefing to workers on all company policies in Dec 2021 was sighted.
	6.5.2 (C) A policy to protect the reproductive rights of all, especially of women, is implemented and communicated to all levels of the workforce.	Yes	Spark Glory has and implements a Policy on Reproductive Rights available in both English and Malay language and posted on the office notice board. The policy states that the company's commitment to improve maternal and newborn health, reduce sexually transmitted infections, including HIV and other reproductive morbidities and respect the reproductive rights of workers in accordance with local law. All workers interviewed confirmed that they have been briefed on and understand the policy.
	6.5.3 Management has assessed the needs of new mothers, in consultation with the new mothers, and actions are taken to address the needs that have been identified.	N/A	During time of this audit, there was no female worker at Spark Glory, so no assessment of needs of new mothers is required.
	6.5.4 A grievance mechanism, which respects anonymity and protects complainants where requested, is established, implemented and communicated to all levels of the workforce.	Yes	The company has a Grievance Procedure made available in both English and Malay languages, which include grievance procedure process flow charts for external and internal stakeholders. The procedure states that grievances from internal stakeholders shall be resolved within 7 working days while complaints from external stakeholders shall be acknowledged within 7 working days and resolved within 30 days. The procedure allows all stakeholders to communicate to management either by phone, email, letter or complaints form. The procedure states a commitment to ensuring the anonymity of complainants, Human Rights Defenders, community spokes persons and whistleblowers where requested, without risk of reprisal or intimidation and follows the RSPO policy on respect for HRD. Records of complaints received from internal stakeholders are recorded in the Grievance Logbook for Internal stakeholders. For year 2020 – 2021, all complaints received were only related to damaged housing facilities that needed repair, and it is confirmed by workers that all complaints were addressed in a timely manner.
6.6	6.6.1 (C) All workers have entered into	Yes	All workers in Spark Glory CU Estate have entered into employment voluntarily; it was

The Indonesian foreign workers were previously already working in Malaysia and recruited through word of mouth on job vacancies by other workers. None were brought in directly from Indonesia by the company or employed through recruitment agencies, hence they did not pay any recruitment fees.
	6.6.2 (C) Where temporary or migrant workers are employed, a specific labour policy and/or procedures are established and implemented.	Yes	The company has a Labour policy for Foreign Workers dated 12 August 2020 made available in both English and Malay languages. The policy mentioned that foreign employees will not be discriminated against in terms of recruitment, no forms of forced labour, trafficked labour shall be used, all foreign workers shall be ensure valid work permits, all statutory and just wages are made in a timely manner and there shall be no contract substitution or payment of recruitment fees. Separate procedure with flowcharts for hiring both local and foreign labor has been established at Spark Glory. The company has only hired one new worker in the past one year, who is a local. No new foreign workers were hired in the past one year.
6.7 The unit of certification ensures that the working environment under its control is safe and without undue risk to health.	6.7.1 (C) The responsible person(s) for H&S is identified. There are records of regular meetings between the responsible person(s) and workers. Concerns of all parties about health, safety and welfare are discussed at these meetings, and any issues raised are recorded.	Yes	Occupational Safety and Health (OSH) Committee organization was last updated in June 2021 with representatives comprising 5 workers and 1 management representative. The Estate Manager was appointed as the Chairman of the ESH committee for the estate. His letters of appointment dated in Jan 2020 was signed by managing director. OSH committee meetings are conducted once every 3 months as required by local law. Sighted the records of meeting minutes and signed attendance lists for the meetings. Meetings minutes showed that no accidents were recorded for the past one year. Concerns of all parties about health, safety and welfare are discussed at these meetings, and any issues raised are recorded.
	6.7.2 Accident and emergency procedures are in place and instructions are clearly	Yes	The company has established an Emergency Response Plan 2021 last updated in April 2021. Emergency contact numbers of management and fire department in case of

Assigned operatives trained in first aid are present in both field and other operations, and first aid equipment is available at worksites. Records of all accidents are kept and periodically reviewed.</p>		<p>accidents or emergencies are listed in the procedure which is documented in Malay and posted on the company notice board. The procedure describes details actions to be taken in case of fire, chemical spillage accidents or other emergencies. The company also has an accident investigation reporting template to be used in case of any reported accidents. There are a total of 8 fire extinguishers at the office, store and housing and 2 first aid kits made available at the store and field.</p>
	<p>6.7.3 (C) Workers use appropriate personal protective equipment (PPE), which is provided free of charge to all workers at the place of work to cover all potentially hazardous operations, such as pesticide application, machine operations, land preparation, and harvesting. Sanitation facilities for those applying pesticides are available, so that workers can change out of PPE, wash and put on their personal clothing.</p>	<p>Yes</p>	<p>All workers involved in potentially hazardous operations, such as pesticide application, machine operations, land preparation, and harvesting were provided with appropriate PPE and replaced when damaged. PPE issue and replacements records were verified by the auditors. From interviews conducted with workers and staffs in the field and stores clerks it was established that they had been trained and were aware of safe handling procedures.</p> <p>Sanitation facilities for spraying and manuring operator was available at the store area with facilities such as shower room, washing machine, PPE rack, soap, etc. All the workers are understood and aware related to SOP after chemical application. Sighted PPE issuance for year 2021 e.g., apron, goggle, rubber boots, safety helmet, etc</p>
	<p>6.7.4 All workers are provided with medical care and covered by accident insurance. Costs incurred from work-related incidents leading to injury or sickness are covered in accordance with Malaysian law.</p>	<p>Yes</p>	<p>All workers had been provided with medical care and covered by accident insurance. Costs incurred from work-related incidents leading to injury or sickness are covered in accordance with Malaysian law. Local and foreign workers are covered by local social security (SOCSO) as verified through records of SOCSO payment made to the local authority.</p>
	<p>6.7.5 Occupational injuries are recorded using Lost Time Accident (LTA) metrics.</p>	<p>Yes</p>	<p>The company has not recorded any accidents since year 2018. As per the register of accidents, dangerous occurrences and poisonings annual summary report (JKKP8) required to be submitted annually to the Department of Occupational Safety & Health (DOSH) in accordance with local law, zero accidents were reported and the LTA was calculated to be zero.</p>

RSPO PUBLIC SUMMARY REPORT

Principle 7: Protect, conserve and enhance ecosystems and the environment

Protect the environment, conserve biodiversity and ensure sustainable management of natural resources.

Clause	Indicators	Comply Yes/No	Findings
7.1 Pests, diseases, weeds and invasive introduced species are effectively managed using appropriate Integrated Pest Management (IPM) techniques.	7.1.1 (C) IPM plans are implemented and monitored to ensure effective pest control.	Yes	Spark Glory Sdn Bhd had a documented integrated pest management (IPM) system in place. The IPM program among others included pest management of rats, bagworms, nettle caterpillars, rhinoceros beetles and wild boar. The IPM technique included the planting of beneficial plants such as <i>Cassia cobanensis</i> , <i>Antigonon leptopus</i> and <i>Turnera subulata</i> and Spark Glory Sdn Bhd had put up 1unit wooden barn owl box in Block 1. The plan also included the maintenance of beneficial plants and soft weeds in the interline appropriate IPM techniques it is guided by the Agriculture Manual SGAM – No. 2 Integrated Pest Management revised on 02/05/2020. In order to minimize use of pesticides the estates had planted beneficial plants mainly <i>Tunera subulata</i> , <i>Cassia cobanensis</i> and <i>Antigonon leptopus</i> with maps indicating areas. Rat baiting was done when damage was above 5%. However, so far, no baiting had been carried on Spark Glory Sdn Bhd.
	7.1.2 Species referenced in the Global Invasive Species Database and CABI.org are not to be used in managed areas, unless plans to prevent and monitor their spread are implemented.	Yes	None of the Species referenced in the Global Invasive Species Database and CABI.org are used in Spark Glory Sd Bhd.
	7.1.3 There is no use of fire for pest control unless in exceptional circumstances, i.e. where no other effective methods exist, and with prior approval of government authorities.	Yes	Spark Glory Sdn Bhd had established and documented a Zero Burning Policy in its Sustainable Agriculture Policy under Environment and Biodiversity. The policy advocated: “A strict Zero Burning Policy is practiced for all operations”. Furthermore, there had been no pest outbreaks to warrant the use of fire.
7.2 Pesticides are used in ways that do not endanger health of workers, families, communities or the environment.	7.2.1 (C) Justification of all pesticides used is demonstrated. Selective products and application methods that are specific to the target pest, weed or disease are prioritized.		Justification of all pesticides used had been documented in Doc: SGAM – No.4. The use of selective products that are specific to the targeted weed had been demonstrated in the table Appendix 1.
	7.2.2 (C) Records of pesticides use (including active ingredients used and their LD50, area treated, amount of active ingredients applied per ha and number of applications) are provided.	Yes	Spark Glory Sdn Bhd continued to maintain records to show the types of pesticides used with active ingredients, their LD50, where these pesticides had been used, the total quantity, number of applications and active ingredients (ai) per Ha. Pesticides are used only when justified and areas used are recorded in bin cards, program sheets, chemical register and in progress reports. Records of pesticides used were available for verification.

RSPO PUBLIC SUMMARY REPORT

Clause	Indicators	Comply Yes/No	Findings
	7.2.3 (C) Any use of pesticides is minimised as part of a plan, eliminated where possible, in accordance with IPM plans.	Yes	Spark Glory Sdn Bhd had a Pesticide Reduction and Chemical Reduction Plan. The plan covered planting of nectariferous beneficial plants (<i>Cassia cobanensis</i> , <i>Antigonon leptopus</i> and <i>Turnera sublata</i>) as part of the IPM plan. Soft weeds and <i>Nephrolepis bisserata</i> were maintained and encouraged to grow in the inter rows. A nursery for the beneficial plant planting was available to ensure continuous planting and availability of the beneficial plants stocks, hence reducing the use of insecticides on bagworms and a plan for control of rats by rearing barn owls (<i>tyto alba</i>). Spark Glory Sdn Bhd had put up 1unit wooden barn owl box in Block 1. Spraying weeds was carried out as programmed and so as at now, no chemical had been used to control rats and of other leaf eating pest.
	7.2.4 There is no prophylactic use of pesticides, unless in exceptional circumstances, as identified in national best practice guidelines.		Spark Glory Sdn Bhd did not practice prophylactic use of pesticides. It is specifical mentioned in document SGAM no. 2 dated under item 2.2.
	7.2.5 Pesticides that are categorised as World Health Organisation Class 1A or 1B, or that are listed by the Stockholm or Rotterdam Conventions, and paraquat, are not used, unless in exceptional circumstances, as validated by a due diligence process, or when authorised by government authorities for pest outbreaks. The due diligence refers to:	Yes	Spark Glory Sdn Bhd only used pesticides that are officially registered under the Pesticides Act 1974 (Act 149) and the relevant provision Pesticides Act 1974 (Act 149) (Section 53A); and in accordance with USECHH Regulations (2000). There was no evidence of pesticides that are categorised as World Health Organisation Class 1A or 1B, or that are listed by the Stockholm or Rotterdam Conventions, and paraquat, had been used. The chemical store and chemical list indicated both estates had none of the chemicals. Most pesticides used were class class IV.
	7.2.5a Judgment of the threat and verify why this is a major threat.	Yes	There was no evidence of pesticides that are categorised as World Health Organisation Class 1A or 1B, or that are listed by the Stockholm or Rotterdam Conventions, and paraquat, had been used in Spark glory Sdn Bhd.
	7.2.5b Why there is no other alternative which can be used.		There was no evidence of pesticides that are categorised as World Health Organisation Class 1A or 1B, or that are listed by the Stockholm or Rotterdam Conventions, and paraquat, had been used in Spark glory Sdn Bhd.
	7.2.5c Which process was applied to verify why there is no other less hazardous alternative.	Yes	There was no evidence of pesticides that are categorised as World Health Organisation Class 1A or 1B, or that are listed by the Stockholm or Rotterdam Conventions, and paraquat, had been used in Spark glory Sdn Bhd.
	7.2.5d What is the process to limit the negative impacts of the application.	Yes	There was no evidence of pesticides that are categorised as World Health Organisation Class 1A or 1B, or that are listed by the Stockholm or Rotterdam Conventions, and paraquat, had been used in Spark glory Sdn Bhd.
	7.2.5e Estimation of the timescale of the application and steps taken to limit	Yes	There was no evidence of pesticides that are categorised as World Health Organisation Class 1A or 1B, or that are listed by the Stockholm or Rotterdam Conventions, and

RSPO PUBLIC SUMMARY REPORT

Clause	Indicators	Comply Yes/No	Findings
	application to the specific outbreak.		paraquat, had been used in Spark glory Sdn Bhd.
	7.2.6 (C) Pesticides are only handled, used or applied by persons who have completed the necessary training and are always applied in accordance with the product label. All precautions attached to the products are properly observed, applied, and understood by workers (see Criterion 3.6). Personnel applying pesticides must show evidence of regular updates on the knowledge about the activity they carry out.	Yes	The estate has the SSOP for use of PPE during working. All workers involved in pesticide application were provided with appropriate PPE and replaced when damaged. PPE issue and replacements records were verified by the auditors. During field inspection, there is no chemical pesticides was carried out due to wet season. Additionally, the operators have been given training regarding the usage safety and health issue and proper way for chemical application by the estate manager with knowledge on chemical handling and applications.
	7.2.7 (C) Storage of all pesticides is in accordance with recognised best practices.	Yes	Pesticides selected for use were those officially registered under the Pesticides Act 1974 (Act 149) and the relevant provision (Section 53A); and in accordance with OSH USECHH Regulations (2000). At all visited estate the storage of pesticides was in accordance with recognized best practices. They were stored in accordance to the Occupational Safety and Health Act 1994 (Act 514) and Regulations and Orders and Pesticides Act 1974 (Act 149) and Regulations. All information regarding the chemicals affixed as product label and the accompanying Safety Data Sheet (see OHS CLASS 2013 Regulations) with details of its usage, hazards, trade and generic names were found available in Bahasa Malaysia language understood by workers. A proper premixing area with eye wash facilities and bathing area is available near to the chemical stores. The wastewater from the washing of empty chemical containers and PPE, and chemical mixing was pumped to a storage tank for reuse in chemical mixing. This is to avoid any contamination of chemicals to the ground. Triple rinsing activities continued to be implemented for empty pesticide containers. The detailed procedure for this purpose is available in SOP for Scheduled Wastes Management and SOP for Triple Rinsing. At estate visited, their chemical stores were inspected, and it was noted that they all comply with the relevant act as well as best practice.
	7.2.8 All pesticide containers are properly disposed of and/or handled responsibly if used for other purposes.	Yes	Empty pesticide containers was punctured and disposed in an environmentally and socially responsible way, such that there is no risk of contamination of water sources or to human health. Inventory and consignment documents verified for confirmation of proper management and disposal.
	7.2.9 (C) Aerial spraying of pesticides is prohibited, unless in exceptional circumstances where no other viable alternatives are available. This requires	Yes	Aerial spraying of pesticides was not practices in the Spark Glory Sdn. Bhd.

RSPO PUBLIC SUMMARY REPORT

Clause	Indicators	Comply Yes/No	Findings
	prior government authority approval. All relevant information is provided to affected local communities at least 48 hours prior to application of aerial spraying.		
	7.2.10 (C) Specific annual medical surveillance for pesticide operators, and documented action to treat related health conditions, is demonstrated.	Yes	Specific annual medical surveillance for pesticide operators and documented action to treat related health conditions, had been demonstrated on Spark Glory Sdn Bhd.
	7.2.11 (C) No work with pesticides is undertaken by persons under the age of 18, pregnant or breastfeeding women or other people that have medical restrictions and they are offered alternative equivalent work.	Yes	At time of visit, there were only 5 male workers on Spark Glory Sdn Bhd. Hence, no work has been undertaken by pregnant or breast-feeding women.
7.3 Waste is reduced, recycled, reused and disposed of in an environmentally and socially responsible manner.	7.3.1 A waste management plan which includes reduction, recycling, reusing, and disposal based on toxicity and hazardous characteristics, is documented and implemented.	Yes	Waste management and disposal plan to avoid or reduce pollution had been documented and implemented. Sighted waste management plan has established in the document "environmental impact assessment management action plans and continuous improvement plan – list of waste generated at waste" were used to guide the waste disposal activities and to reduce pollution during routine operation.
	7.3.2 Proper disposal of waste material, according to procedures that are fully understood by workers and managers, is demonstrated.		Spark Glory domestic waste from the housing area was well managed and all domestic wastes were disposed via own transport to Majlis Daerah Lahad Datu (MDLD) waste collection bin. Sighted there was no practice of open fires within Spark Glory. The secondary containments, signages, sump pits, spillage kits and SDS were seen effectively displayed and made available at chemical / pesticide store, diesel drum and fertilizer store.
	7.3.3 The unit of certification does not use open fire for waste disposal.	Yes	During site visits there was no evidence fire has been used to dispose a waste. all domestic wastes were disposed via own transport to Majlis Daerah Lahad Datu (MDLD) once per week by manager of estate.
7.4 Practices maintain soil fertility at, or where improve soil fertility to, a level that ensures optimal and sustained yield.	7.4.1 Good agriculture practices, as contained in SOPs, are followed to manage soil fertility to optimise yield and minimise environmental impacts.	Yes	Spark Glory Sdn Bhd had complied with good agriculture practices, as contained in SOPs, to manage soil fertility to optimise yield and minimise environmental impacts. Spark Glory had adopted the following document as their standard operating. The fertilizer application SOP was referred in the Agriculture Manual Ref SGAM No. 3. It covered the Field manuring programs for Mature oil palm on Timing, Placement, Supervision and Nutrient Antagonism.
	7.4.2 Periodic tissue and soil sampling is carried out to monitor and manage	Yes	Spark Glory Sdn Bhd carried out annual foliar and soil sampling on a 5 yearly cycle basis to monitor changes in nutrient status. The annual foliar sampling to determine Ash levels and

RSPO PUBLIC SUMMARY REPORT

Clause	Indicators	Comply Yes/No	Findings
	changes in soil fertility and plant health.		nutrients levels of N, P, K, Mg, Ca, B, Cu & Zn was conducted in June 2021 by Agronomy Department Hap Seng Plantations. The latest soil sampling was also carried out in May 2019. The results of the foliar and soil analysis formed the basis for the fertilizer recommendations to maintain and to improve soil fertility.
	7.4.3 A nutrient recycling strategy is in place, which includes the recycling of Empty Fruit Bunches (EFB), Palm Oil Mill Effluent (POME), palm residues and optimal use of inorganic fertilisers.	Yes	A nutrient recycling strategy was in place which included stacking pruned fronds and manually weeded weeds / grass that were left to decompose in the respective fields. There was no application of Empty Fruit Bunches (EFB) and Palm Oil Mill Effluent (POME) in Spark Glory Sdn Bhd. As mentioned under Indicator 7.4.4 optimal use of inorganic fertilisers was based on the recommendation of fertilizers by Agronomist from Hap Seng Estates Holdings Berhad (Estate Division).
	7.4.4 Records of fertiliser inputs are maintained.		Spark Glory Sdn. Bhd. continued to monitor record their fertilizer inputs as recommended by their agronomist. The information was available in the Manuring Schedule for FY 2021. The fertilizers recommended for 2021 were, NK., AS, MOP, RP and HGFB.
7.5 Practices minimise and control erosion and degradation of soils.	7.5.1 (C) Maps identifying marginal and fragile soils, including steep terrain, are available.	Yes	Based on the Soil Map extracted from "The Soils of Sabah" document, by the Agronomy Department of Hap Seng Plantations Holdings Berhad listed there were no fragile soils present in Spark Glory Sdn Bhd. The soils in Spark Glory were of Kinabatangan and Kretam series, and a small area with 20° slope.
	7.5.2 No replanting on steep slopes (above 25 degrees) unless approved by state governments. In case of replanting is permitted, no replanting in contiguous area of steep terrain (greater than 25°) larger than 25 Ha within the Unit of Certification.	Yes	As per the Slope Maps prepared by the Agronomy Department, HSP there only a small area with 20° slope. There was no steep terrain (greater than 25°).
	7.5.3 There is no new planting of oil palm on steep terrain.	Yes	As per the Slope Maps dated 18/11/2018 prepared by the Agronomy Department, HSP there only a small area with 20° slope. There was no steep terrain (greater than 25°).
7.6 Soil surveys and topographic information are used for site planning in the establishment of new plantings, and the results are incorporated into plans and operations.	7.6.1 (C) To demonstrate the long-term suitability of land for palm oil cultivation, soil maps or soil surveys identifying marginal and fragile soils, including steep terrain, are taken into account in plans and operations.	Yes	As mentioned under Indicator 7.5.1 Spark Glory Sdn Bhd had prepared both soil and slope maps to demonstrate the long-term suitability of land for palm oil cultivation, soil maps or soil surveys identifying marginal and fragile soils, including steep terrain, are taken into account in plans and operations
	7.6.2 Extensive planting on marginal and fragile soils, is avoided, or, if necessary, done in accordance with the soil management plan for best practices.		Based on the Soil Map extracted from "The Soils of Sabah" document, by the Agronomic Department of Hap Seng Plantations Holdings Berhad listed there were no fragile soils present in Spark Glory Sdn Bhd.

RSPO PUBLIC SUMMARY REPORT

Clause	Indicators	Comply Yes/No	Findings	
	7.6.3 Soil surveys and topographic information guide the planning of drainage and irrigation systems, roads and other infrastructure.	Yes	Yes, based the Soil Map extracted from “The Soils of Sabah” document, by the Agronomic Department of Hap Seng Plantations Holdings Berhad, the planning of drainage and irrigation systems, roads and other infrastructure is carried out.	
7.7 No new planting on peat, regardless of depth after 15 November 2018 and all peatlands are managed responsibly.	7.7.1 (C) There is no new planting on peat regardless of depth after 15 November 2018 in existing and new development areas.	Yes	Based on the Soil Map extracted from “The Soils of Sabah” document, by the Agronomic Department of Hap Seng Plantations Holdings Berhad listed there were no Peat soils present in Spark Glory Sdn Bhd. This was also confirmed during the field visit at the Estate.	
	7.7.2 Areas of peat within the managed areas are inventoried, documented and reported (effective from 15 November 2018) to RSPO Secretariat. PROCEDURAL NOTE: Maps and other documentation of peat soils are provided, prepared and shared in line with RSPO Peat land Working Group (PLWG) audit guidance (see Procedural Note for 7.7.5 below).			Based on the Soil Map extracted from “The Soils of Sabah” document, by the Agronomic Department of Hap Seng Plantations Holdings Berhad listed there were no Peat soils present in Spark Glory Sdn Bhd. This was also confirmed during the field visit at the Estate.
	7.7.3 (C) Subsidence of peat is monitored, documented and minimised.	Yes		Based on the Soil Map extracted from “The Soils of Sabah” document, by the Agronomic Department of Hap Seng Plantations Holdings Berhad listed there were no Peat soils present in Spark Glory Sdn Bhd. This was also confirmed during the field visit at the Estate.
	7.7.4 (C) A documented water and ground cover management programme is in place.	Yes		Based on the Soil Map extracted from “The Soils of Sabah” document, by the Agronomic Department of Hap Seng Plantations Holdings Berhad listed there were no Peat soils present in Spark Glory Sdn Bhd. This was also confirmed during the field visit at the Estate.
	7.7.5 (C) For plantations planted on peat, drainability assessments are conducted following the RSPO Drainability Assessment Procedure, or other RSPO recognised methods, at least five years prior to replanting. The assessment result is used to set the timeframe for future replanting, as well as for phasing out of oil palm cultivation at least 40 years, or two cycles, whichever is greater, before reaching the natural gravity drainability limit			Based on the Soil Map extracted from “The Soils of Sabah” document, by the Agronomic Department of Hap Seng Plantations Holdings Berhad listed there were no Peat soils present in Spark Glory Sdn Bhd. This was also confirmed during the field visit at the Estate.

Clause	Indicators	Comply Yes/No	Findings
	addresses the following:		<ul style="list-style-type: none"> 4) Contingency plan during drought season 5) Sewage and septic tank 6) Lubricant and fertilizer store 7) Rainfall records
	7.8.1a The unit of certification does not restrict access to clean water or contribute to pollution of water used by communities.	Yes	The continued availability of water sources and to avoid negative impacts on other users in the catchment has been water sampling point selected from small river or water course. The water sampling was carried out by twice per year and test by HSP Central Laboratory. Based on the result, water quality monitoring is generally within Class IIB of INWQS at all monitoring points.
	7.8.1b Workers have adequate access to clean water.	Yes	Water for domestic use is supplied from the rainwater for washing and shower. Proper filtration and treatment is yet to be installed. The company has provided a tank or jar for a worker to get treated water from Bukit Mas POM. Besides that, the estate also provided the mineral bottle as access to clean water with average 15 to 19 cotton per months for the workers.
	7.8.2 (C) Water courses and wetlands are protected, including maintaining and restoring appropriate riparian and other buffer zones in line with 'RSPO Manual on BMPs for the management and rehabilitation of riparian reserves' (April 2017).	No	A major river, Sg. Tagas, has been identified located nearby Spark Glory and is linked to Tabin Wildlife Reserve. However, water courses and wetlands was not protected, including maintaining and restoring appropriate riparian and other buffer zones was not in line with 'RSPO Manual on BMPs for the management and rehabilitation of riparian reserves' (April 2017). During site inspections at Spark Glory Sdn. Bhd. (Field Block 3 and Block 5), sighted chemical spraying activities was carried out close to the water edge along of the artificial drainage that directly channel to Sg. Tagas. Besides that, observed also chemical spraying activities was carried out at the monsoon drain (directly channel to Sg. Tagas) at office compound. Based on circle & strip spraying programme 2021, last chemical spraying activities was carried out on November 2021. <i>Thus, Major NCR DA 2022 was raised.</i>
	7.8.3 Mill effluent is treated to be in compliance with national regulations. Discharge quality of mill effluent, especially Biochemical Oxygen Demand (BOD), is regularly monitored.	Yes	Not applicable since CU were individual certification
	7.8.4 Mill water use per tonne of FFB is monitored and recorded.	Yes	Not applicable since CU were individual certification.
7.9 Efficiency of fossil fuel use and the use of renewable energy is optimised.	7.9.1 A plan for efficiency of the use of fossil fuels and to optimise renewable energy is in place, monitored and documented.		Sighted "Fossil Fuel Management Plan" had been developed and reviewed in Nov 2021. The plan only focuses on diesel usage by FFB Transport and use of fertilizers. Sighted environmental impact and mitigation measure has been identified and documented accordingly. Consumption of diesel was monitored on monthly basis. Sighted the data from year 2017 to 2021.

			<p>*Includes transport and manufacture emissions from mineral fertilizers and emissions from urea</p> <p>*This only includes N2O emissions form mineral fertiliser application and peat soil. The N2O emissions from organic fertiliser application is not included here and can only be displayed in the final summary.</p>
	7.10.2 (C) Starting 2014, the carbon stock of the proposed development area and major potential sources of emissions that may result directly from the development are estimated and a plan to minimise them prepared and implemented (guided by the RSPO GHG Assessment Procedure for New Development).	Yes	Auditors has verified through checking the www.globalforestwatch.com , Google Maps, Estate Maps and also through site visit to the sampled estates areas. Based on the observation during the audit, it is confirmed that there were no new planting or new development of areas at Spark Glory Sdn. Bhd. Hence, RSPO GHG Assessment Procedure for New Development was not applicable.
	7.10.3 (C) Other significant pollutants are identified and plans to reduce or minimise them implemented and monitored.		The Environmental Impact Assessment and Pollution Prevention Plan was used to identify the GHG emissions. Some of the Greenhouse Gas emissions are through Land Conversation, Crop Sequestration, Fertiliser, N ₂ O from fertiliser, Fuel Consumption, Peat Oxidation. Plans to reduce or minimise them are in place.
7.11 Fire is not used for preparing land and is prevented in the managed area.	7.11.1 (C) Land for new planting or replanting is not prepared by burning.	Yes	During site visit there was no new planting or replanting at Spark Glory Sdn. Bhd.
	7.11.2 The unit of certification establishes fire prevention and control measures for the areas under its direct management.	Yes	Estate has established fire prevention and control measures as per procedure SSOP "Pelan Tindakan Menghadapi Kebakaran" sighted a training has been conducted by estate manager to employees and mandore.
	7.11.3 The unit of certification engages with adjacent stakeholders on fire prevention and control measures.	Yes	Engagement with adjacent stakeholders on fire prevention has been conducted and briefed during external stakeholders' consultation meeting through online meeting conducted.
7.12 Land clearing does not cause deforestation or damage any area required to protect or enhance High Conservation Values	7.12.1 (C) Land clearing since November 2005 has not damaged primary forest or any area required to protect or enhance HCVs. Land clearing since 15 November 2018 has not damaged HCVs or HCS forests. A historic Land Use Change Analysis (LUCA) is conducted prior to any new land	Yes	Not Applicable since there is no new land clearing available. Auditor also has verified planting data, and through website https://www.globalforestwatch.org/ . It was confirmed that no new planting at the CU

<p>(HCVs) or High Carbon Stock (HCS) forest. HCVs and HCS forests in the managed area are identified and protected or enhanced.</p>	<p>clearing, in accordance with the RSPO LUCA guidance document.</p>		
	<p>7.12.2 (C) HCVs, HCS forests and other conservation areas are identified as follows:</p>	<p>Yes</p>	<p>The report of “Potential High Conservation Value Area Assessment Report of Spark Glory Sdn Bhd” was made available to the auditor. It was noted that the report was prepared by the Sustainable Unit of Hap Seng. The assessment was carried out in Jan 2019. Based on the assessment, there was no identified RTE at Spark Glory estate. Spark Glory had identified a Potential HVC4 which the estate has controlled and maintained the river buffer zone for Sg. Tagas Tagas. The Assessor also identify that Estate was adjacent to Tabin Wildlife forest reserve.</p> <p>Sighted also the new Report namely “HCV-HCSA Assessment Report of Spark Glory Sdn Bhd” was made available to the auditor. It was noted that the report was prepared by the Sustainable Unit of Hap Seng. The assessment was carried out in Dec 2021. Based on the assessment, there was no identified RTE at Spark Glory estate. Spark Glory had identified a Potential HVC4 which the estate has controlled and maintained the river buffer zone for Sg. Tagas Tagas. The Assessor also identify that Estate was adjacent to Tabin Wildlife forest reserve.</p>
	<p>7.12.2a For existing plantations with an HCV assessment conducted by an RSPO-approved assessor and no new land clearing after 15 November 2018, the current HCV assessment of those plantations remains valid.</p>		
	<p>7.12.2b: Any new land clearing (in existing plantations or new plantings) after 15 November 2018 is preceded by an HCV-HCS assessment, using the HCSA Toolkit and the HCV-HCSA Assessment Manual. This will include stakeholder consultation and take into account wider landscape-level considerations.</p>	<p>Yes</p>	
	<p>7.12.4 (C) Where HCVs, HCS forests after 15 November 2018, peatland and other conservation areas have been identified, they are protected and/or enhanced. An integrated management plan to protect and/or enhance HCVs, HCS forests, peatland and other conservation areas is developed, implemented and adapted where necessary, and contains monitoring requirements. The integrated management plan is reviewed at least once every five years. The integrated management plan is developed in consultation with relevant stakeholders and includes the directly managed area and any relevant wider landscape level considerations (where these are identified).</p>	<p>Yes</p>	<p>Spark Glory estate has established HCV action plan for Sg Tagas Tagas titled “HCV areas Management Action Plans’. The estate planned to maintain the riparian reserve by:</p> <ul style="list-style-type: none"> • Prohibiting the cutting down of the tree at the area, • Prohibiting manuring and spraying operation at the riparian reserve area • Workers are constantly informed not to encroach into the riparian reserve and disturb the area • Periodic visit to the riparian reserve to monitor any illegal activities <p>And also to maintain or enhance measures adjacent with Tabin Wildlife reserve by:</p> <ul style="list-style-type: none"> • Prohibition workers entrance to this area • Signboard are erected at the boundary • Constantly briefed workers regarding RTE • Prohibition of logging at the estate boundary • Prohibition of illegal hunting <p>Periodic monitoring to the reserve boundary</p>

RSPO PUBLIC SUMMARY REPORT

Clause	Indicators	Comply Yes/No	Findings
	7.12.5 Where rights of local communities have been identified in HCV areas, HCS forest after 15 November 2018, peatland and other conservation areas, there is no reduction of these rights without evidence of a negotiated agreement, obtained through FPIC, encouraging their involvement in the maintenance and management of these conservation areas.	N/A	There were no local communities living nearby with Spark Glory. So, this indicator was not applicable with this CU.
	7.12.6 All rare, threatened or endangered (RTE) species are protected, whether or not they are identified in an HCV assessment. A programme to regularly educate the workforce about the status of RTE species is in place. Appropriate disciplinary measures are taken and documented in accordance with company rules and national law if any individual working for the company is found to capture, harm, collect, trade, possess or kill these species.	Yes	<p>Spark Glory continued to discourage any illegal or inappropriate hunting, fishing or collecting activities. Evidence was seen during the site review that prohibition signage was erected, that is,</p> <ul style="list-style-type: none"> • No hunting, no fishing and no pesticide spraying within buffer area at Sg. Tagas Tagas, and • No hunting and no illegal activities at forest border with Tabin Wildlife forest reserve. <p>Spark Glory Sdn Bhd has conducted training on HCV and wildlife for field workers on 12/6/21. The Company also has established a disciplinary measure titled "<i>Dilarang Memburu di Kawasan ini</i>".</p>
	7.12.7 The status of HCVs, HCS forests after 15 November 2018, other natural ecosystems, peatland conservation areas and RTE species is monitored. Outcomes of this monitoring are fed back into the management plan.	Yes	Spark Glory continues to discourage any illegal or inappropriate hunting, fishing or collecting activities. Evidence was seen during the site review that signage to prohibit hunting, fishing and pesticide spraying not allowed within buffer area at the Sg. Tagas Tagas.
	7.12.8 (C) Where there has been land clearing without prior HCV assessment since November 2005, or without prior HCV-HCSA assessment since 15 November 2018, the Remediation and Compensation Procedure (RaCP) applies.	Yes	Not applicable since there is no new land clearing.

RSPO PUBLIC SUMMARY REPORT

RSPO Certifications Systems for P&C and RISS, Nov 2020

Clause	Indicators	Comply Yes/No	Findings	
5.5.2 Time-bound plan A time-bound plan for certifying all its management units and/or entities, including the units where the organization has mgmt. control and/or minor shareholding, is submitted to the CB during the initial certification audit. The time-bound plan shall contain a current list of all estates and mills.	(a)	As a minimum, all estates and mills shall be certified within 5 years after obtaining RSPO membership. Any new acquisitions shall be certified within a 3-year timeframe. Any deviations from these maximum periods requires approval by the RSPO Secretariat.	N/A	The company is not managing any mills or other estates, so requirements for uncertified management units are not applicable.
	(b)	Progress towards this plan shall be verified and reported on in subsequent annual surveillance audits by the CB. Where the CB conducting the surveillance audit is different from the CB which first accepted the time-bound plan, the later CB shall accept the appropriateness of the time-bound plan at the moment of first involvement and shall only check continued appropriateness;	N/A	The company is not managing any mills or other estates, so requirements for uncertified management units are not applicable.
	(c)	Any revision to the time-bound plan or to the circumstances of the company shall cause the time-bound plan to be reviewed by the CB. Changes to the time-bound plan are permitted only where the organization can demonstrate to the CB that they are justified. The requirements will also apply to any newly acquired subsidiary from the moment that the company is legally registered with the local notary or chamber of commerce (or equivalent);	N/A	The company is not managing any mills or other estates, so requirements for uncertified management units are not applicable.
	(d)	Where there are isolated lapses in implementation of a time-bound plan, a minor non-compliance shall be raised. Where there is evidence of fundamental failure to proceed with implementation of the plan, a major non-compliance shall be raised.	N/A	The company is not managing any mills or other estates, so requirements for uncertified management units are not applicable.
5.5.3 Requirements for uncertified management units:	(a)	No replacement of primary forest or any area required to maintain or enhance HCVs in accordance with RSPO P&C criterion 7.12. Any new plantings since 1 st January 2010 shall comply with the RSPO New Planting Procedure (NPP). For each new planting development, compliance with the NPP shall be verified by an RSPO accredited CB;	N/A	The company is not managing any mills or other estates, so requirements for uncertified management units are not applicable.
	(b)	Land conflicts, if any, are being resolved through a mutually agreed process, such as the RSPO Complaints System or Dispute Settlement Facility, in accordance with RSPO P&C criteria 4.4, 4.5, 4.6, 4.7 and 4.8;	N/A	The company is not managing any mills or other estates, so requirements for uncertified management units are not applicable.

RSPO PUBLIC SUMMARY REPORT

	(c)	Labour disputes, if any, are being resolved through a mutually agreed process, in accordance with RSPO P&C criterion 4.2;	N/A	The company is not managing any mills or other estates, so requirements for uncertified management units are not applicable.
	(d)	Legal non-compliance, if any, is being addressed through measures consistent with the requirements of RSPO P&C criterion 2.1;	N/A	The company is not managing any mills or other estates, so requirements for uncertified management units are not applicable.
	(e)	The audit team shall assess compliance with these rules at each assessment of any of the applicable management units. Assessment of compliance with requirements 5.5.3 (a) – (d) above by the audit team based on self- declarations only by the company, with no other supporting documentation, shall not be acceptable. Verification of compliance shall be based on the following approach:	N/A	The company is not managing any mills or other estates, so requirements for uncertified management units are not applicable.
		<ul style="list-style-type: none"> A positive assurance statement is made, based upon self-assessment (i.e. internal audit) by organization. This would require evidence of the self-assessment against each requirement; 	N/A	
		<ul style="list-style-type: none"> Targeted stakeholder consultation, including consultation with the relevant NGO's will be carried out by the audit team. 	N/A	The company is not managing any mills or other estates, so requirements for uncertified management units are not applicable.
		<ul style="list-style-type: none"> Desktop study e.g. web check on relevant complaints 	N/A	The company is not managing any mills or other estates, so requirements for uncertified management units are not applicable.
		<ul style="list-style-type: none"> If necessary, the audit team may decide on further stakeholder consultation or field inspection, assessing the risk of any non-compliance with the requirements. 	N/A	The company is not managing any mills or other estates, so requirements for uncertified management units are not applicable.
	(f)	For requirements 5.5.3 (a)-(d) above, the classification of critical and non-critical is as stated in the RSPO P&C. If a non-compliance against a critical indicator in a non-certified management unit is identified, the current certification assessment cannot proceed to a successful conclusion unless it is actively addressed. Evidence of active engagement with RSPO in resolving the non-compliance shall be available.	N/A	The company is not managing any mills or other estates, so requirements for uncertified management units are not applicable.
	(g)	Failure to address any outstanding non-compliances within uncertified unit(s) as defined in 5.5.3 (f) above may lead to suspension of certificate of the certified unit(s), in accordance with the provisions of these Certification Systems.	N/A	The company is not managing any mills or other estates, so requirements for uncertified management units are not applicable.
5.6.6 The CB shall review whether		No additional indicators

oil palm operations have been established in areas which were previously owned by users and/or are subject to customary rights of local communities and indigenous peoples. If applicable, the CB shall consult directly with all of these parties to assess whether land transfers and/or land use agreements have been developed with their free, prior and informed consent and check compliance with the specific terms of such agreements.

The CB shall have a mechanism in place to identify the interested parties and ensure a represented samples size of the interested parties are consulted in each audit.

The CB shall keep track which party that has been interviewed in the previous audits to ensure proper coverage of the parties throughout the certification cycle.

DETAILS OF NON-CONFORMITIES AND CORRECTIVE ACTIONS TAKEN

P & C Indicator	Specification Major/Minor	Detail Non-conformances	Root Cause & Corrective Action Taken by the CU	Verification Statement by Auditors
CN 01 2022 IN 2.1.1	Major	<p>Finding: Safety Data Sheets (SDS) for several chemicals at the estate store are only available in English but not the Malay language.</p> <p>Objective evidence: Safety Data Sheets (SDS) for the following chemicals sighted at the estate chemical stores are only available in English but not the Malay language: Caltex 1000THF & Petronas Urania 500 40. (Note: No fertilizers were in stock at the estate stores during time of this audit, however SDS for fertilizers Glyphosate IPA 41%, Disodium tetraborate pentahydrate and Ammonium sulphate were also observed to only available in English but not the Malay language)</p>	<p>Root cause: Five SDS in national language (BM) were not available at chemical store due to management oversight and not able to get hold of the BM versions from suppliers.</p> <p>Correction: This was corrected by management by sourcing SDS directly from manufacturers rather than local suppliers. Presently, as of 1 February, all five missing BM SDS have been placed at the estate store notice boards together with the rest of SDS in both BM and English. The relevant SDS in BM are attached.</p> <p>Corrective Action Plan: Yearly checking by SGSB management with updated on the SDS.</p>	<p>Copies of SDS for Caltex 1000THF, Petronas Urania 500 40, Glyphosate IPA 41%, Disodium tetraborate pentahydrate and Ammonium sulphate in English and Malay language were provided for review as well as photos of SDS posted at relevant locations at the chemical store. Evidence is accepted and Major NC CN 01 2022 is closed.</p>
DA 01 2022 IN 7.8.2	Major	<p>Finding: Water courses and wetlands was not protected, including maintaining and restoring appropriate riparian and other buffer zones was not in line with 'RSPO Manual on BMPs for the management and rehabilitation of riparian reserves' (April 2017).</p> <p>Objective evidence: During site inspections at Spark Glory Sdn. Bhd. (Field Block 3 and Block 5), sighted chemical spraying activities was carried out close to the water edge along of the artificial drainage that</p>	<p>Root cause: Management was not aware edges along artificial water ways are protected under RSPO Manual on BMPs for the management and rehabilitation of riparian reserves (April 2017).</p> <p>Correction: Management has taken immediate action by first verbally informing sprayers not to spray along artificial drainages as well as reminding sprayers not to spray along riparian and buffer zones. Secondly, formal training was conducted on 19th February 2022 to prevent this from occurring in the future.</p>	<p>Records of training done for all 4 estate workers on 19 February 2022 were provided for review and included summary of training topics and photos. Training topics included explanation that spraying and chemical fertilizer application shall not be carried out along artificial drains in order to minimize chemical contamination of rivers and waterways. Evidence is accepted and Major NC DA 01 2022 is closed.</p>

		directly channel to Sg. Tagas. Besides that, observed also chemical spraying activities was carried out at the monsoon drain (directly channel to Sg. Tagas) at office compound. Based on circle & strip spraying programme 2021, last chemical spraying activities was carried out on November 2021.	This will also be monitored by Mandore and Estate Manager to ensure no spraying in the areas concerned. Corrective Action Plan: Monthly checking and monitoring by SGSB management to ensure no spraying along artificial water ways.

STATUS OF NON-CONFORMITIES PREVIOUSLY IDENTIFIED

P & C Indicator	Specification Major/Minor	Detail Non-conformances	Corrective Action	Verification by Assessor
STK 01 2021 3.3.2	Minor	<p>Finding: Consistent implementation of procedures was not in place.</p> <p>Objective evidence: Consistent implementation of procedures to eradicate the large numbers of VOPs and giant yam sighted in Blocks 3 & 5 as required as per Doc: SGAM – No.4 “Upkeep of Mature Oil Palms” revised on 02/05/2020 was not carried out.</p>	<p>Root cause: Due to pandemic COVID-19, the estate management encountered critically labor shortage which affected SGSB’s daily operation hence caused low production FFB of SGSB.</p> <p>Correction: -To adopt more effective and less laborious VOP control method by using chemical spray instead of current manual VOP removing. -SGSB management to ensure the recommendation (VOP control using chemical) in the Agronomic report is implemented.</p>	<p>During site inspections at all Field Block 1 to 5, observed the upkeep of mature palm was maintaining in satisfactory conditions. The selective and circle spraying program was completed as per programmed for year 2021. There are no woodies i.e. VOPs or giant yam was sighted during the visited. As a result, previous Minor NCR STK 01 2021 is closed.</p>
RAR 01 2021 7.10.1	Major	<p>Finding: Palm GHG calculator was not yet reported to RSPO.</p> <p>Objective evidence: During document review at Spark Glory (SG) CU, GHG data used was from Bukit Mas POM CU and its supplies-based (Bukit Mas CU & individual certification estates) and data for SG was not accurate as per actual data i.e FFB produced, diesel consumption, etc.</p>	<p>Root cause: The estate management did not aware that the GHG emissions data need to be reported under individual SGSB’s GHG account since previous GHG data was only reported under POM CU GHG account.</p> <p>Correction: -Spark Glory Sdn Bhd (SGSB) has immediately registered the GHG account and submitted SGSB’s GHG emission data through RSPO Palm GHG calculator. -Yearly checking by SGSB management to ensure all the GHG emission data are submitted and reported under the SGSB’s GHG account.</p>	<p>During this surveillance audit, it was confirmed that the Spark Glory Sdn. Bhd. has used RSPO Palm GHG version 4.0 Calculator as a tool to calculate the GHG emissions. Sighted report sends via email to RSPO on 03/01/2021. The input data FY2021 have been verified and checked. The input data as stated in the audit checklist under IN 7.10.1. Therefore, previous Major NCR RAR 01 2021 was satisfactory closed.</p>

RSPO PUBLIC SUMMARY REPORT

<p>MZK 01 2021 7.12.2</p>	<p>Major</p>	<p>Finding: The HCV Assessment was not conducted as per Annex5 –Transition from HCV to HCV–HCS Assessment</p> <p>Objective evidence: The HCV Assessment was available, However the Assessment was not carried out as per Annex5 – Transition from HCV to HCV–HCS Assessment</p>	<p>Root cause: The estate management misunderstand on the new requirement of RSPO P&C MYNI 2019’s Annex 5 and did not aware that new combined HCV-HCS Assessment is needed to be conducted by the RSPO certified estate that with no land clearing/new planting (after 15th November 2018).</p> <p>Correction: -Spark Glory Sdn Bhd (SGSB) has immediately rectified it with new combined HCV-HCS Assessment. (Attachment 1) -Yearly checking with record by SGSB management on the new requirement of RSPO MYNI 2019.</p>	<p>Sighted a new HCV assessment report namely “HCV-HCSA Assessment Report of Spark Glory Sdn Bhd” was made available to the auditor. It was noted that the report was prepared by the Sustainable Unit of Hap Seng. The assessment was carried out on 24 December 2021 and next review in December 2022. The assessment was carried out as per Annex5 –Transition from HCV to HCV–HCS Assessment</p> <p>Based on the assessment, there was no identified RTE at Spark Glory estate. Spark Glory had identified a Potential HVC4 which the estate has controlled and maintained the river buffer zone for Sg. Tagas Tagas. The Assessor also identify that Estate was adjacent to Tabin Wildlife forest reserve. Thus, Past Major NCR MZK 01 2021 has been Successfully closed.</p>
