

Malaysia's Leading Testing, Inspection and Certification Body

## Take the "S" in "ESG" Seriously! Introducing the all-new Social Accountability Scheme.

It's no longer just about how good or poor you are. Customers now want to know that you got there the right way.

Allegations of forced labour, poor working conditions, and health and safety violations damage reputations and ruin businesses. Companies need to prove that they are socially responsible all along their supply and value chains.

The all-new SIRIM 50 Social Accountability Scheme will help you do just that!

SIRIM 50 is a social standard for all Malaysian-based companies that complements other global social accountability standards.

Getting SIRIM 50-certified means that your company adheres to the highest social standards and is committed to the welfare of your workers and the community.

## What are the plus point?

- Demonstrate compliance with labour laws and health and safety regulations
- Assure stakeholders that you are an ESG (Environmental, Social and Governance) compliant company
- Implement a culture of continuous improvement and increase productivity
- Improve brand reputation, secure more business opportunities and increase product acceptance

**Make your mark as a socially-responsible organisation.
