

ENABLING BUSINESSES. ENHANCING LIVES

# AEROSPACE QUALITY MANAGEMENT SYSTEMS

**CERTIFICATION SCHEME**

**Get Your Brand on the Global  
Aerospace Map**

**Businesses in the aerospace industry must meet a high standard for the consistency and documentation of their operations. SIRIM QAS International is the first Malaysian-based certification body to offer the AS9100 Aerospace Quality Management System certification scheme. It demonstrates your organisation's capability to improve your business' standard and to reposition your business into your customers' mind – an essential ticket for the global market.**

## **Propel Your Brand to Greater Heights – AS 9100 Aerospace Quality Management Systems**

The Malaysian Aerospace Industry Blueprints 2030 targets to position Malaysia as the leading aerospace nation in Southeast Asia and an integral player of the global aerospace market by 2030. With such a robust growth projected, it is imperative for the industry to elevate its quality standards.

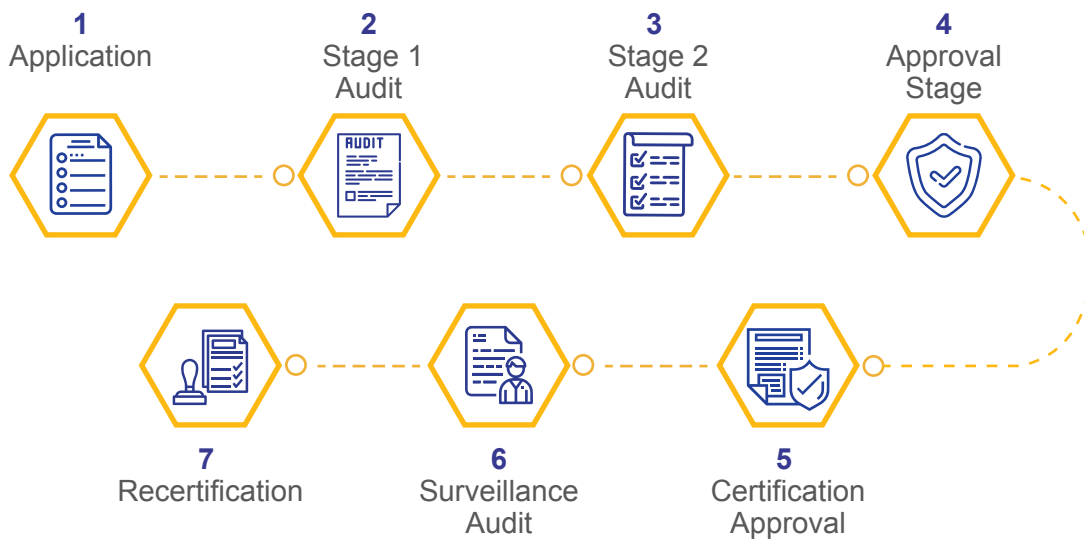

The Aerospace Quality Management Systems Certification Scheme is designed for all organisations across the aerospace industry, from design to manufacture, maintenance to service, including distributing companies. Whether your organisation is operating in commercial or military aviation, space, or defence, it is to ensure that your brand is synonymous with safety, airworthiness and compliance with international quality standards.

In addition, all major aerospace manufacturers (OEMs) worldwide are required to have their subcontractors and suppliers to be certified with AS9100.

## Why Get Certified

- Enhanced access to global market opportunities.
- Improved brand image from compliance to the internationally-recognised AS9100 standard.
- In line with government strategy to amplify the local aerospace industry business.
- Assurance of product safety and reliability verified by SIRIM's professionally-trained and highly experienced auditors.

## Certification Process

## SIRIM QAS – Elevate Your Brand Credibility

SIRIM QAS is an internationally recognised conformity assessment body with decades of experience in providing testing, inspection and certification services to both local and international customers.

As a member of the International Certification Network (IQNet), it further enhances the acceptance and recognition of the certificates around the world and enable us to provide certification services globally.

We have been accredited by the Korean Accreditation Board (KAB) as a recognised certification body for the Aerospace QMS Scheme, further demonstrating our international credibility and the global recognition of our certification standards.
